BATTLE AGAIN RAGES AT TCHATALJA

BULL MOOSE DEMAND RECOUNT

Progressives to Carry Fight Into All Wilson Counties in the State

Sacramentans Further Tangle Matters by Starting Legal Battle

LOS ANGELES, Nov. 22.—After talking with Governor Johnson over the long distance telephone today, Meyer Lissner made the declaration that the Progressives would carry the battle against the Democrats into every county in the State where the returns, as reported, showed a plurality for Wilson, and where the canvass was carried forward in the manner in which it was in Los Angeles county.

"We have just begun to fight," Lissner told the Governor, "and we are going to fight the Democrats on their own ground. What the Appellate Court prescribed as good for the Democratic goose in Los Angeles county will be good for the Progressive gander in the northern counties which went Democratic.

Lissner, after his talk with Johnson, said that the Progressives would duplicate the action of the Democrats in Los Angeles county and file petitions for mandamus writs in every county where the supervisors conducted their canvasses with the aid of both tally sheets and the certificates of election judges.

"We certainly expect to improve Roosevelt's lead by getting recanvasses in the Wilson counties," said Lissner.

SUIT TO BE FILED.

A suit in equity will be filed by the Progressive County Central Committee in the Superior Court, demanding an actual recount of the ballots cast in those precincts which were covered by the writ of mandate issued yesterday by the District Court of Appeal in favor of the Democrats, who protested the canvass in those precincts. Lewis W. Myers, head of the Progressive County Law Committee, is preparing the papers and they will be filed in the Superior Court this afternoon or tomorrow.

The Progressives, who were in conference most of the night and again early this morning, decided to file the

Mrs. Oelrichs' Garter Hung With Diamonds

NEW YORK, Nov. 22.—Flashing brilliantly, a diamond tassel standing out in strong relief against a stocking of black silk set a new fashion high mark as its wearer daintly lifted her skirts to mount the broad stairway at the Horse Show in Madison Square Garden last night. Mrs. Hermann Oelrichs was the innovator. The sparkling cluster of gems was loosely suspended from a point a little below the left knee. Mrs. Oelrichs also wore a diamond dog collar.

DEMOCRATS MAY LOSE CASE

Consensus of Opinion Is That the Court Will Refuse Sill's Plea

Tribunal Hears Arguments Charging Errors and Misconduct in Canvass

SAN FRANCISCO, Nov. 22.—The District Court of Appeal this morning listened for two hours to arguments on the part of counsel for Stephen J. Sill, a Democratic elector, on the one hand, and Assistant District Attorneys Walter J. Burpee and William T. Salterwhite of Alameda county as to alleged errors and misconduct in connection with the canvassing of precincts 64, 103 and 77 of Oakland.

The proceedings were characterized by a free discussion of the law governing elections between the justices of the court and the attorneys, and when at the noon adjournment the case was taken under advisement the concensus of opinion seems to be that the court would deny Sill a writ of mandamus calling upon County Clerk Cook and the supervisors of Alameda county to throw out certain votes.

It developed today that in precincts 64 and 103 that the reason for the enormous difference between the vote received by A. J. Wallace, the Progressive candidate, and the other electoral aspirants on that ticket was the fault of the election board in the precincts named.

DISCREPANCY GREAT.

In precinct 64, 184 votes were tallied for Wallace and only 80 votes for the other Republican electors. In precinct 103 the discrepancy was even greater. These are explained by the fact that the election officers tallied for Republican and Democratic electors for the first candidate voted for, and as the vote for the remaining twelve was the same, passed on without doing the labor of tallying. They then certified for each the vote cast for the first named.

This morning a general demurrer was interposed to the petitions for a writ of mandate by Assistant District Attorney Burpee. The demurrer sets

MURDERER DIES ON GALLOWS

Alexander Szafscar Hanged in San Quentin for Killing His Wife

Shot Spouse When He Was Drunk and After Taking All Her Money

SAN QUENTIN, Nov. 22.—Alexander Szafscar paid with his life here today for the murder of his wife Erma, in San Francisco, on April 4, 1910. In accordance with the sentence of the court he was hanged by the neck until dead.

Willie Luis, a Chinese, also under sentence to be hanged today, was reprieved by Governor Johnson this week until December 6.

Szafscar was drunk when he shot his wife. He demanded money of her and she gave him all she had, $1, but he grumbled that it was not enough and an instant later drew a revolver and fired three shots. Two small sons by an earlier marriage saw their mother killed. Szafscar fled to Golden Gate Park and attempted to commit suicide with the same revolver. The bullet inflicted a superficial scalp wound, from which he quickly recovered.

The execution today won interest by the agitation for the repeal of capital punishment. An initiative petition recently circulated failed of the needed number of signatures for presentation November 5, but will be voted upon at the next state election. Governor Johnson announced recently that the law must take its course in future in capital punishment cases.

American Held for Ransom by Mexicans

WASHINGTON, Nov. 22.—The State Department received word today that Wm. M. Fink, an American citizen, superintendent of the San Toy Mining company, whose camp is about 15 miles from Chihuahua, is being held for $5000 ransom by the Mexican rebel band that captured Santa Eulalia Wednesday.

TERRIFIC CONFLICT RENEWED

Fight Extends From Sea to Sea Before the Forts of City of Constantinople

Powers Hope to Induce Balkan Allies to Modify Their Demands

LONDON, Nov. 22.—A battle raged today along the entire line of fortifications at Tchatalja, according to dispatches from Constantinople. The Bulgarians began again their efforts to break through the Turkish lines, but so far have been prevented from doing so by the fire of the Turkish warships.

TURKS DEFIANT.

LONDON, Nov. 22.—"Come and take them," the defiant reply of the Turks to the demands made by the allied Balkan nations for the evacuation of the line of fortifications at Tchatalja, in front of Constantinople, is not believed in diplomatic circles necessarily to mean the end of the negotiations for an armistice, even though fighting has been resumed.

From Sofia comes word today that the victorious invaders are likely to modify their conditions. The European powers, at the same time, are exerting themselves to induce the nations composing the Balkan league to bring their terms more into line with the facts of the situation and to arrange a treaty which will give them all they have conquered, but will leave out that which has not been conquered.

TURKS IN BETTER POSITION.

Compared with its earlier disastrous experiences, the Turkish army evidently now considers itself in a favorable position. Military experts here see in the temporary failure of the Bulgarian rush into Constantinople signs of a reaction among the invaders after their efforts of the past month.

In view of the fact that the Ottoman capital, even if captured, must ultimately be evacuated in accordance with the decree of the great powers, it appears that the allies have nothing to gain by insisting on the surrender of the lines which form virtually the gates of the city. Hence the hope expressed by diplomats that this demand will be withdrawn, in which case it is thought Turkey, recognizing that she has no prospect of taking the offensive for the recovery of her lost territory, would quickly conclude that she has nothing to gain by continuing the conflict. She would perhaps agree to enter into negotiations on the basis of a surrender of all but a reasonable strip of territory at the back of Constantinople, the Dardanelles and the Bosphorus.

MORE TROOPS CALLED OUT.

LONDON, Nov. 22.—The first classes of the reserves of six Austro-Hungarian army corps have been called to the colors, according to a news agency dispatch from Vienna. Three of these army corps are stationed in the north and three in the

SIDNA ALLEN IS GUILTY OF MURDER

Second Degree Verdict Rendered; Penalty Is 15 Years

WYTHEVILLE, Va., Nov. 22.—Sidna Allen, leader of the Allen clan which shot up the Carroll county court at Hillsville last March, resulting in the death of five persons, was found guilty of murder in the second degree today for the killing of Judge Thornton L. Massie. The jury fixed the penalty at 15 years in the penitentiary.

Bridal Couple Waive Right to Wealth

"With My Worldly Goods I Thee Endow" Is Omitted.

KANSAS CITY, Mo., Nov. 22.—By an ante-nuptial agreement filed yesterday in the county recorder's office by Mrs. Della Fitzsimmons and Robert O. McClean, Mrs. Fitzsimmons, in the marriage ceremony, will not be compelled to say: "With all my worldly goods I thee endow." In the agreement each waives all right to the other's property after marriage. Mrs. Fitzsimmons is the widow of Robert Fitzsimmons, who died four years ago, leaving a large estate. McClean is a carpenter.

"I'm determined no man shall marry me for money," Mrs. Fitzsimmons said. "Several months ago a man proposed to me, but refused to sign the agreement."

Sailor, Like Human Flag, Flutters From Masthead

Dare-Devil Diavalo, the greatest friend of the circus press agent, was outdone yesterday by Hans Gerner, a sailor on the steam schooner Klamath, who went to the masthead hanging by his heels like a human flag. Gerner's acrobatic stunt was entirely involuntary, unpremeditated by any one, and accomplished in less time than it take to tell it. Gerner had been ordered to release one of the guy ropes, and by mistake he threw off the halyard. The rope was yanked upward with terrific force, and as it went the loose end wrapped itself about the sailor's feet and yanked him 80 feet above the deck. There he stuck, too scared to shout, and only enough courage left to cling desperately head-down to the mast. "Well, blow me for a whimpering whale!" said the mate. "Who told that lubber to do that? Ahoy, there; lower away!"

When Hans was lowered he collapsed, but was subsequently revived without suffering any apparent injury, other than a bad scare. But will he mistake the halyard for the guy rope again? Not on your old tarpaulin!

The Klamath was at Long Wharf loading freight at the time of the accident.

MacVeagh Ousts Bantz As Assistant Treasurer

WASHINGTON, Nov. 22.—Secretary MacVeagh asked today for the resignation of Gideon C. Bantz, as assistant treasurer of the United States, because he is said not to be in sympathy with the administrative policy of the secretary of the treasury. Bantz will be succeeded by Christian S. Hearce, at present chief of the division of banks, loans and postal savings.

President-Elect Threatens To Thrash Camera Man

HAMILTON, Bermuda, Nov. 22.—President-elect Wilson today had a lively dispute with an American photographer which almost led to the exchange of blows. The photographer took a snapshot at Wilson in spite of his prohibition. Wilson thereupon angrily exclaimed: "You are no gentleman. If you want a good thrashing keep that up. I can take care of myself in these things. I came here especially to avoid photographers!"

Wilson passed the greater part of today in making bicycling excursions in the vicinity of his residence.

Doctors Said He Would Die

A Friend's Advice Saves Life

I wish to speak of the wonderful cure that I have received from your noted Swamp-Root, the great kidney and bladder cure. Last summer I was taken with severe pains in my back and sides. I could not breathe without difficulty. I tried all the different doctors from far and near, but they said it was no use to doctor as I would die anyway. I was at the end of my rope and was so miserable with pain and the thought that I must die that words cannot tell how I felt. One day a friend told me of the wonderful help she had received from Dr. Kilmer's Swamp-Root. She gave me one of your pamphlets, which I read and determined to try Swamp-Root. After taking half a bottle I felt better. Have now taken ten bottles and am well as I ever was, thanks to Swamp-Root. I wish to tell all suffering people that have kidney, liver or bladder trouble, that Dr. Kilmer's Swamp-Root is the best medicine on the market.

All persons doubting this statement can write to me and I will answer them directly.

Yours very truly,

TURKS HURL DEFIANCE AT ENEMY AT CITY'S GATES

Great Battle Rages All Along Lines of Forts at Tchatalja

(Continued From Page 1)

southeast of the Austro-Hungarian empire.

BULGARIA NOTIFIED.

CONSTANTINOPLE, Nov. 22.—The rejection by Turkey of the conditions offered for an armistice between the opposing armies has been communicated to the Bulgarian government.

One of the causes for the rejection was the opinion held in official circles in Constantinople that the conditions imposed by the allies deprived the Turks of the possibility of resuming hostilities in the event of the failure of the plenipotentiaries to settle terms. This, from the Turkish point of view, meant no armistice at all. By accepting such terms as those presented by the allies Turkey would be binding herself hand and foot.

It is further insisted that Turkey has not sunk to that degree of impotency which would compel her to accept such conditions. The terms stipulated by the Balkan states provided for the surrender of Adrianople, with its garrison, for the evacuation of the Tchatalja lines in front of Constantinople and for the surrender of Scutari, Duarazzo and Dibra. No mention is made of Constantinople or the Dardanelles.

The Turkish cruiser Hamidieh arrived here this morning in tow. The warship was down by the stern, where she apparently had been struck by a torpedo. She was at once docked.

MAY MODIFY TERMS.

SOFIA, Nov. 22.—The indications today are that Bulgaria will adopt a conciliatory attitude and will modify the conditions originally offered to the Turkish government.

A special meeting of the Bulgarian cabinet was held today to consider the rejection by Turkey of the terms of the proposed armistice. At its conclusion it was declared in well informed circles that an immediate resumption of hostilities was improbable.

MARCH THROUGH SNOW.

LONDON, Nov. 22.—The Servian march to the Adriatic receives high praise from the Times' correspondent at San Giovanni di Medua, who speaks in flattering terms of the stamina and excellent organization of the Servian army.

Two divisions, following different routes to Alessio, suffered great hardships. The cold was intense while crossing the mountain passes through the deep snow. Then rain began and for the rest of the march the troops were soaked.

No meat could be obtained and bread, which had to be brought from the base, ran short. A large number of horses died, but there were only four deaths and little sickness among the men. They were so hungry on their arrival that the doctors prohibited meat from being served for a day for fear of producing ill effects.

MEN ARE FATIGUED.

The men were too fatigued to undertake any fresh enterprises for some days. They have received no orders to assist the Montenegrins to capture Scutari, although it is believed that if Scutari is to be taken before the end of the war it will be only by their assistance.

A Belgrade dispatch to the Times says only 5000 prisoners are in the hands of the Servians as a result of the fall of Monastir. The scattered remnants of the great Turkish army are being vigorously pursued and it is said that a large body has been captured, for a sharp cannonade has been heard in their direction.

Desultory combats still are being waged on all sides of Monastir, where the Servians are hunting down refugees, this process being necessary for the pacification of the district.

ROUTE IS COMPLETE.

Everything points to the fact that the Turks were massed in great numbers at Monastir and that the route was as complete as at Kumanova. It is believed David Pasha, with a small following, fled to Mount Baba.

Another dispatch says that a fog during the night prevented the Servians from following their successful assault upon Monastir, thereby giving one Turkish division a chance to escape to Florina. The rest of the Turks fled in single detachments, making no attempt to rally. Cavalry has been dispatched toward Florina and as the Greek forces are coming up the capture of the fugitives is considered inevitable.

The Turkish losses were 20,000 dead and wounded. The Servian losses were not nearly as great, but were naturally heavy, as the battle can be reckoned as one of the most stubborn and bloody in the campaign. The Drina division alone captured 37 field guns.

The Vienna correspondent of the Times understands the triple alliance will suggest to the other European powers that Europe as a whole should examine the terms of the peace treaty before its conclusion. The object is to avoid calling a European conference.

READY TO FIGHT.

PARIS, Nov. 22.—The state of mind of the Servians is one of great disquietude, according to a Belgrade dispatch to the Matin. They display the profoundest indifference to the threats of Austria. Popular feeling, says the correspondent, may be summed up in the words: "We want ports on the Adriatic and will go to war with Austria if necessary to get them."

This feeling is encouraged by representatives of the strong agitation among the people of Bosnia, Croatia, Delmatia and other provinces who are ready to fight against Austria in behalf of Servia and the fact that hundreds of Serbs, Croats and other Slavs from Austria-Hungary are arriving daily at Belgrade and enrolling with the Servian forces.

BATTLESHIP SAILS.

SMYRNA, Nov. 22.—The French battleship Jiles Ferry has left for Mersina, an Asia-Minor port on the Mediterranean. The British battleships Husernia, Commonwealth, Dominion and Britannia have sailed to meet four battleships coming from Besika, and it is reported that they will proceed together to Malta.

SILL ARGUES FOR WRIT OF MANDATE

Seeks to Have Votes in Local Precincts Thrown Out.

(Continued From Page 1)

forth that as regards the allegations referred to in each precinct the complaint did not state facts sufficient to constitute a cause of action. An answer was also presented which dealt entirely with precinct 77, and it was with regard to that precinct that almost the entire morning argument was concerned.

WANTS IT THROWN OUT.

That precinct Sill petitioned to have thrown out. In their answer the supervisors and county clerk of Alameda county set forth that in connection with precinct 77 the election officers canvassed the vote, prepared tally sheets, listing the number of votes and writing out the number at full length and signing them. They were handed in on November 6. The tally list, however, was lost, and never received by the canvassing board. The duplicates, therefore, retained by the inspector was used.

Attorney Burpee contended that mandamus was not the proper proceedings and that an election contest should have been filed. He declared that the same question was presented by the losing of the tally sheets as though the courthouse had been burned down and the records destroyed. He held that the duplicate was the official document.

COUNTY CLERK CALLED.

In order to testify to the fact, County Clerk John P. Cook was called to the witness stand.

"My examination of the returns," he testified, "disclosed the fact that the returns from precinct 77 were received on November 6, about 6:30 or 7 in the morning; that in the canvass by the board they were unable to locate the returns in that precinct. I had a search made in the vault where the returns were kept. I became quite concerned about them and I got in touch with the election officer, Mrs. Clara Swanson. The board took the duplicate sheet and that was included in the tabulation. We went over the ballot boxes and we searched again the contents of the vault. I examined every package, but the only thing I was able to find from that precinct was the envelope containing the unused and cancelled ballots. The official returns I have not been able to locate. They are possibly in the vault with the supplies. There is some confusion there. You see there are about 900 of these envelopes altogether."

Attorney Kearny, representing Sill, asked:

"Then the only part of the returns found were the cancelled and unused ballots?"

"Yes, sir," replied Cook.

"When the returns were delivered to you were they receipted for?" asked Presiding Justice Lennon.

"Yes, sir; they were received from Mr. Neilson."

VOUCHER WAS RECEIPT.

Cook went on to explain that the only receipt given was a voucher for $1 entitling the clerk who brought in the returns to receive that sum from the city treasury.

"These envelopes were not examined by you?" asked Kearny.

"No," was the reply.

"The contents were taken for granted?"

"Yes. I cannot say whether the proper returns were in the envelopes."

Counsel for Sill contended throughout their lengthy argument that the actual tallies and not the signed certificate of the election board constituted the official return. They also held that the duplicate election returns, which the law requires the clerk of each precinct to keep for six months, could not legally be considered when the original, as in this instance, was lost.

The court mentioned numerous decisions all over the country to the contrary, and only one state decision was furnished which seemed to decide otherwise. It developed unofficially that the count of the Wilson candidate in the contested precinct had been made exactly similar to the count of the Roosevelt candidate, and should the court decide that the returns were not properly canvassed, it would be practically necessary to have an entire recount in order to make sure that the correct results were obtained.

JURY INVESTIGATES.

Charges that J. C. Alexander, an inspector in the polling booth at Eighteenth and San Pablo avenue at the recent election had allowed three challenged voters to cast their ballots were investigated by the grand jury this morning. E. S. Hurley and Mrs. E. C. Bruyne, Socialists who had been stationed at the booth to watch the voters, preferred the charges and District Attorney Donahue decided to put the matter before the jury. After hearing several witnesses the jurors refused to bring an indictment.

It was claimed by Hurley and Mrs. Bruyne that the men whose votes had been challenged had moved from the precinct and were therefore not eligible. Another person challenged was refused a ballot by the inspector.

Search which has been made in the county clerk's office for the official returns from precinct 77 has so far proved futile. The duplicate copy in the possession of one of the election officers was used in the count, but the law requires that the returns shall be complete officially.

Marburg Appointed Minister to Belgium

WASHINGTON, Nov. 22.—The appointment of Theodore Marburg of Baltimore as minister to Belgium was announced today by the State Department. Marburg will succeed Lloyd Anderson in the Belgium post, Anderson having been made Ambassador to Japan.

Marburg was selected for the place at the time Lars Anderson was promoted to the ambassadorship of Japan, but announcement of the selection was held until Anderson secured the customary Department statement that the new minister would be "persona grata" at Brussels. Marburg is the author of several books on political and international subjects and is widely known as an international peace advocate and publicist.

U. S. TO PROTECT NESTING BIRDS

Private Retreat for Feathered Friends Planned by Officials.

WASHINGTON, Nov. 22.—A private retreat for nesting birds will be maintained by the federal government near Valentine, Neb. President Taft has proclaimed the reservation of 613 additional acres on the abandoned Fort Niobrara reservation, the only reserve in the continental United States maintained for the breeding of chicken, sharp-tailed grouse and quail.

Citizens of Valentine and the national Association of Audubon Societies subscribed sufficient money to put heavy wire mesh fences around the tract, within which there will be immediately located, as companions of the species of the grouse family, herds of bison, deer and antelope, presented by a Nebraskan who has been breeding the animals for years.

Sale of Hoe Books To Yield $1,930,000

NEW YORK, Nov. 22.—The auction sale of the Robert Hoe library, the greatest event of its kind in history, will end tonight with the disposal of the last volumes in part IV. The proceeds of the entire sale will amount to about $1,930,000, falling just a few thousand dollars short of the two million dollar total which was predicted by experts when the disposal of the great library began a year and a half ago.

BROTHERS RUN AWAY FROM SAN LEANDRO HOME

SAN LEANDRO, Nov. 22.—Two San Leandro boys, Manuel Fields, aged 19, and Suter Fields, aged 21, disappeared from the home of their father, Antone Fields, on Orchard avenue, three days ago, and since then the anxious parents are apprehensive that something had happened to the boys, notified the police in different parts of the state. Word has been received today, however, that the boys had decided to run away from home. They had started off and allowing sufficient time to elapse to avoid possible recapture, the two waited until they had reached Sacramento when they wrote home saying they were on their way to Oregon. The police have been notified not to hinder the boys in their journey, as it is thought that once they get a taste of the cold in Oregon they will want to come back to San Leandro.

DISCUSSION REGARDING INDUSTRIAL ZONES

The proposed ordinance establishing industrial zones in Oakland was discussed informally last night by members of the merchants and manufacturers' committee of the Oakland Chamber of Commerce. A. P. Leach represented property-owners in the residence section that will be affected by the creation of the zones.

The proposed measure will not be introduced into the council until it has been thoroughly threshed out, and suggestions were made which will probably be incorporated. One of the subjects was the limiting of objectionable businesses and so-called nuisances to certain sections.

At other meetings members of civic and commercial organizations will be heard.

STATE RETURNS IN BAD TANGLE

Wilson May Get All of California's Electors Instead of Part.

(Continued From Page 1)

action in equity and then obtain, if possible, an actual recount in the contested precincts to overcome the advantage won by the Democrats on what they declared to be an immaterial technicality. This technicality involved the error admittedly committed in two or more precincts by election officials who desired to take short cuts and save work.

TO CONTINUE COUNT.

In the meantime, on the advice of Deputy District Attorney W. Joseph Ford, who fought the Democratic application for a writ of mandate in the Appellate Court, the Board of Supervisors will continue the canvass of Los Angeles county returns under the terms of the mandamus writ in order to get the canvass completed and the returns certified to the secretary of state by Monday.

Under the restrictions imposed by the Appellate Court the Democrats expect the vote of several precincts to be thrown out, thus cutting the Roosevelt plurality in this county sufficiently to give all or a majority of the state's electoral votes to Wilson. But Ford declared today that this would not affect the status of the Progressive equity suit, which is being prepared by Myers in behalf of the Progressive party.

T. R. MAY LOSE 20,000 VOTES.

Ford declared that the law gave Secretary Jordan the absolute right to issue his certificate of election on Monday, and that if the Los Angeles canvass had not been completed and certified by the Board of Supervisors by that time, the Secretary of State could legally ignore the Los Angeles returns. This would result in cutting off Roosevelt's banner county, and in effect give Wilson more than 20,000 votes.

"It is a matter of discretion with the Secretary of State," said Ford. "He can issue his certificate of election Monday and be entirely within his legal rights, no matter if the Los Angeles and Alameda county returns have not been received by that time, or he can wait for Los Angeles and Alameda and still be within his legal rights."

At the same time, Ford said, the merits of a suit in equity can be argued and if a recount were ordered a restraining order would halt the issuance of a certificate of election by the Secretary of State at any time up to Monday night.

Both Democratic and Progressive leaders, however, eagerly awaited word from Jordan today as to what he would do—take advantage of his legal rights and issue a certificate Monday or wait until all the legal tangles incident to the close contest between Wilson and Roosevelt in California were straightened out.

MEYERS IS BUSY.

Meyers and his associates on the Progressive law committee worked at full speed today preparing the papers in the equity case. The delay in getting ready was occasioned by the uncertainty regarding how many precincts came under the provisions of the writ of mandate which forbade the supervisors to canvass the returns on the certificates issued by the judges of elections wherever these certificates seemed better evidence of the correct vote than the tally sheets.

This was the point involved in the Democratic contest which resulted in the issuance of the writ. In one or two instances the election officials selected the straight ballots and credited them for the heads of the two opposing tickets and then concluded to credit the few split ballots to the electoral candidates following the leaders. In one precinct where this short system was employed by the election officials the Progressive high man showed on the tally sheet a vote of 214 while the others were credited with but 5 votes each—the split ballots. Regarding this as obvious, the supervisors disregarded the tally sheets and took the certificate of totals made by the judges of election. But the Democrats protested, and basing their appeal for a writ of mandate on this discrepancy between tally sheets and precinct certificates, obtained a decision compelling the supervisors to canvass the vote on the tally sheets alone.

"This is a plain attempt to get something, on a technicality," said Meyers today, "and in every precinct where this error on the part of election officials will adversely affect the Roosevelt total we will demand an actual recount of the ballots in court."

Supervisor A. W. Prindham said today that it was a physical impossibility to canvass the returns of Los Angeles county by November 25.

"No matter if we have fifty clerks or more," he added, "it cannot be done. We have to start all over."

The supervisors waited until noon for service of the writ of mandate obtained yesterday by the Democrats, but it had not appeared up to that time.

JORDAN TO WAIT.

SACRAMENTO, Nov. 22.—Secretary of State Jordan said today he would not certify to a count of the state election Monday but would wait until the Los Angeles votes reached his office before certifying to the returns.

"I am not going to disfranchise 150,000 voters through any arbitrary action," said Jordan.

Although the law sets Monday, November 25, as the last day for certifying the returns, Jordan has the authority of an opinion from the attorney general for delaying action. The opinion says the law does not contemplate arbitrary action in the face of unforeseen contingencies.

WEBB MAKES DENIAL.

SAN FRANCISCO, Nov. 22.—"Secretary Jordan has no opinion from this office on section 1313 of the Political Code," said Attorney General Webb today when informed of the decision reached by the secretary of state. "I do not say that he may not have had informal conversation with some member of the office staff—I don't know—but you will understand that in a matter of this sort any opinion must come from the head of the department and no request for an opinion has been made to me."

"NOT BEFORE ME," SAYS WEBB.

SAN FRANCISCO, Nov. 22.—"This matter is not now before the office and I do not care to discuss it informally," said Attorney General Webb, when informed of Assistant District Attorney Ford's opinion.

The section of the Political Code governing the situation is No. 1313, one of the original enactments of 1872, and has never been amended or superseded. It reads:

On the last Monday in the month of the election, or as soon as the returns have been received from all the counties in the state, IF RECEIVED BEFORE THAT TIME, the Secretary of State MUST compare and estimate the votes given for electors, and certify to the Governor the names of the proper number of persons having the highest number of votes.

JOHNSON PROTESTS.

SACRAMENTO, Nov. 22.—Governor Johnson sent today the following telegram to Meyer Lissner at Los Angeles:

"It is reported in the press here that the Progressives, because of the decision of the court last evening in the matter of the Los Angeles returns, are going to quit.

"I trust the report is erroneous. As I understand the situation the vote in certain precincts of your county is known and the result in these precincts is unquestioned.

"A proceeding was commenced in the Appellate Court to have the result declared otherwise than as known and to have the vote certified by your supervisors otherwise than as cast, it being asserted that this last result by a technical construction may be obtained.

[illegible]

the electoral vote of California is cast. It is of grave consequences how the votes of the citizens of California are counted.

"Votes legitimately cast by our men and women must be counted as cast and votes legitimately cast must not be prevented from being counted either by the hired thug at the polls or the hypocritical pretense of a judicial decision after the polls are closed.

"I hope, therefore, that every effort will be made by you and every Progressive in Southern California to see that the vote of Los Angeles county is squarely counted as cast and that the decision of the voters of Los Angeles shall not be altered or overturned by unjust judicial decisions or otherwise."

ANOTHER TANGLE.

SACRAMENTO, Nov. 22.—Following the announcement this morning of the action of the Appelate Court in Los Angeles in knocking out two precincts where the Roosevelt vote was in the majority because of the irregularities shown by the election officers in returning the totals, the Progressives of Sacramento have decided to test the returns in this city, in which it is claimed that at least two precincts were not properly returned and that no correct certification of the vote, which showed a large majority for Wilson, had been made to the secretary of state.

Sacramento Progressives will take the same course as the Los Angeles Democrats—demand through a writ of mandamus that a correct canvass of the vote in [illegible] and a correct certification be sent to the secretary of state. This petition for the writ will be filed in the Third District Court of Appeals tomorrow morning in behalf of Frank R. Devlin, who was one of the 13 Republican Presidential electors. The precincts involved are said to be two in the southwestern part of the city, where an overwhelming vote for Wilson was shown and where it will be alleged the precinct election officers counted only the totals for the highest men on the Democratic and Republican list, neglecting to return totals for the remaining 12 electors on each ticket.

The intention of the local Progressives is to offset the gain made by the Democrats in Los Angeles.

It is declared that between 300 and 400 votes, and possibly as many as 500, are involved.

The Progressives assert that they have knowledge of certain irregularities in the count both in Sacramento and San Joaquin counties and that these irregularities will more than offset the apparent gain made by the Democrats through the decision of the Appellate Court at Los Angeles.

Specifically, it will be shown that in certain instances the returns show that only the elector receiving the highest vote in each precinct was tallied and the others were either certified to as receiving the same number of votes or were not counted at all.

RETURNS CHECKED.

SACRAMENTO, Nov. 22.—The following returns were checked up today and found correct:

Lake—Wallace, 649; Griffin, 1118.

[illegible]

1851.

Fresno—Wallace, 8830; Griffin, 8991.

Mariposa—Wallace, 306; Griffin, 689.

Santa Barbara—Wallace, 3375; Griffin, 2819.

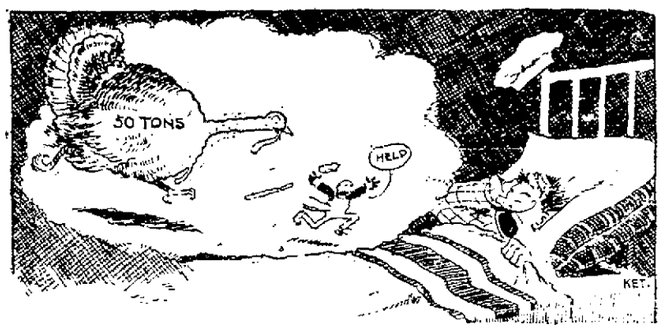
Sonoma—Wallace, 5806; Griffin, 6500.

WILL DECIDE BETS.

SAN FRANCISCO, Nov. 22.—Betting commissioners here announced today that they would pay all wagers on Secretary of State Jordan's certification to the governor, irrespective of any court action in Los Angeles or Alameda counties that may or may not then be pending.

CALCULATING CHEF COGITATES IN SLEEP

HOOPLA! TURKEY WEIGHS FIFTY TONS



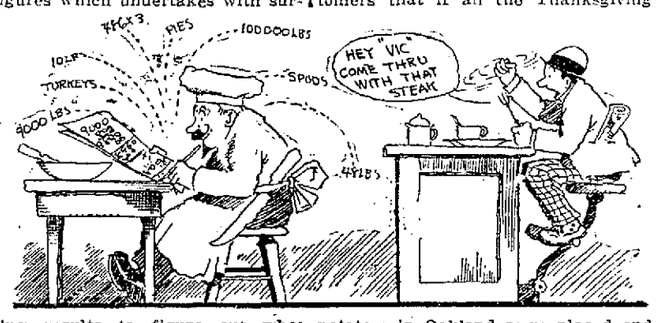
Victor, Kitchen Genius, Shows Surprising Result of Combining Gastronomic Energy

The mathematical genius of the century has been found. He is Victor Bourgeois and he presides over the range in one of the lower Broadway cafes where the waiter translates your order for a Hamburg steak with a fried egg into a "burglar with his eye open." When Victor isn't busy yelling "coming up" or "take heem away," he is either asleep or calculating, sometimes both, for when Victor calculates to sleep his dreams usually turn to calculating.

"Mon dieu de la Belle France!" he exclaimed today, "I have ze one odd dream las' night. I have give heem to ze boss."

SOME FIGURES THESE.

Victor's dream is responsible for the appearance in his cafe of a tablet of figures which undertakes with surprising results to figure out what would happen if all the turkeys eaten in Oakland next Thursday were converted into one turkey; all the pies into one pie, and all the potatoes into one big spud.



Victor figured it all out in his sleep, and Victor is even known to have faithfully calculated how many steps a day the earthquake saved him by knocking down a building near where he used to work in San Jose. After the building was demolished the owners boarded up the corner lot and Victor was able to cut across instead of having to make the triangle as before.

But to return to the kitchen mathematics: Victor estimates that 10,000 turkeys will be consumed in and around Oakland. This is allowing one turkey to about every 30 people.

"Eh, bien," says Victor, "eef there are 10,000 turkeys to eat, and ze one turkey ze average 10 pounds behold you have ze one grand turkey zat weigh 100,000 pounds, or 50 ton; is it not so, my fren'?"

HIGH AS MT. TALLAC.

Also, between snores, Victor has calculated that if one turkey with its upturned toes reaches 10 inches from the table, the 100,000 pound composite turkey would reach 100,000 inches above the table, or approximately 9000 feet, as high as Mt. Tallac in the snowy Sierras.

Not content with having calculated to that extent, Victor informs his customers that if all the Thanksgiving potatoes in Oakland were placed end to end they would reach from the greasy counter in his chop house to the Standard Oil factory at Richmond.

"Zat eez not all, my freen'; eef you take ze pies, ah! ze pies—eef you take them and put them into one pie, zey would pave ze street from ze foot of Broadway to ze postoffice so close you could not see ze dust."

When you stop to consider that the downtown restaurants alone use 1500 pies daily and the hotels and boarding-houses the same number, and that almost every American family will employ that form of desert, Victor's calculating tendencies are worthy of respect. Anyway, Victor is a great man. He will tell you so himself.

WASHINGTON AND THIRTEENTH — OAKLAND

'CASCARETS' BEST BOWEL CLEANSER

Headache, Sour Stomach, Biliousness and Bad Taste Gone by Morning.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery — indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good, gentle cleansing, too.

BODY OF GIRL IS FOUND IN RIVER

Daughter of Former Rhode Island Governor Is Victim.

PROVIDENCE, R. I., Nov. 22.—The body of Miss Norma Garvin, daughter of former Governor L. F. C. Garvin, was found in New River today. Miss Garvin disappeared Wednesday evening.

The body was in deep water, not far from the shore. Members of Miss Garvin's family said that she had been unusually reticent during the last few weeks and had taken many evening walks. She had complained of trouble with her head and had expressed a wish that she would meet death in the water. A note found after she left home said:

"I can't get the water off my mind."

This led to the dragging of the river, which is near the Garvin home in Lonsdale.

Mrs. Maude Howe Elliott lectured at Brown University Wednesday evening on woman suffrage. Miss Garvin had planned to attend the lecture and take Mrs. Elliott with her to the Garvin home in Providence. Members of the family were not alarmed when Miss Garvin failed to return, supposing she had remained in Providence, and it was not until Thursday that any alarm was felt.

COLLECTION RECEIVED AT OAKLAND MUSEUM

A large collection of shells, both foreign and domestic, has been received by the Oakland public museum. The collection, which to a great extent consists of fossils, required a good deal of work in sorting out the different specimens.

C. P. Wilcomb, curator of Oakland public museum, has recently returned from visiting the European museums and studying methods there. He brought with him several specimens of Lappish basket and bowl work. With other antiquities which Wilcomb gathered on his trip, this collection is on its way to the museum.

Mrs. D. W. de Veer, assistant curator, contemplates holding a lecture on birds for school children in the near future.

Follow Your Common Sense

and it will lead you in the right direction.

A person, when sick, is very apt to grasp at a straw. Unworthy articles are alluringly advertised to cure all manners of ills and you are made the goat for experiment unless you use common sense. Everybody is occasionally or frequently in the throes of a bilious attack of which all the symptoms are nature's danger signals for you to do something before it is too late. Headache, bad stomach and constipation are the forerunners of most intestinal diseases. Attacked in time, in a common sense way, they soon pass over. Study your case and study the remedy. Take something which will effectually operate, first on your liver, then on your stomach, and lastly on your bowels. Take something which nature has furnished and which is untouched nor altered by human hands. A natural remedy is the choice of every doctor. Hunyadi Janos Water is their choice. It is the most ideal, sensible and safest Natural Laxative Mineral Water and half a tumblerful on arising acts speedily, sure and gentle.—Adv.

WHITESBURG, Ky., Nov. 22. — The whole community is on edge over the arrival of a baby boy born with a full head of gray hair to the wife of John H. Craft, a farmer of Prince Creek.

Probably never before in the history of this section has anything so aroused the residents. Hundreds of friends and neighbors besieged the Crafts all day to get a glimpse of the newly born.

The phenomenon is the subject of talk in the stores, on the pikes and in the homes and everybody wants to see Ivf.

Declare War on Colds.

A crusade of education which aims "that common colds may become uncommon within the next generation" has been begun by prominent New York physicians. Here is a list of the "don'ts" which the doctors say will prevent the annual visitation of the cold:

"Don't sit in a draughty car."
"Don't sit in hot rooms."
"Don't avoid the fresh air."
"Don't stuff yourself at meal time. Over-eating reduces your resistance."

To which we would add—when you take a cold get rid of it as quickly as possible. To accomplish that you will find Chamberlain's Cough Remedy most excellent. Sold by all dealers.

Beware of Imitations

While substitution is not a part of modern merchandising, it is still practiced to a greater or less degree by a few merchants who **haven't the courage** to compete with their fellows along legitimate, fair lines, or **who do not care** for their customers' health, but **their own profits** only.

Substitutes Are Dangerous

And any merchant who practices substitution is unworthy of the public's confidence.

When a remedy has been before the public for more than half a century, has been prescribed and used by the best doctors and in prominent hospitals, when it has carried the blessings of health into as many thousands of homes of the sick as Duffy's Pure Malt Whiskey has, imitations are bound to arise. Be sure you get the genuine.

The Gold Dust Twins' Philosophy

NOW you have often said:—"Oh, dear, I dread when eating time comes near. It's not so much the cooking, grub, but cleaning after,"—there's the "rub." Each kitchen holds a mass of work, no tidy little wife should shirk.

Gold Dust vs. Kitchen Worry

The kitchen floor, the kitchen sink, the kitchen pots as black as ink, the kitchen kettles and the pans, the silver, glass and cups and cans; wherever you may look, the toil means more than any kettles boil. To just "prepare" a meal is "fun," but work, with THAT is scarce "begun."

If those who stay up days and nights to win the cause of "Women's Rights" would only vote the GOLD DUST PLAN they soon would have the best of man. More time for comfort and for smiles; more time to play a woman's wiles, for once the GOLD DUST TWINS appear, Hard Labor's cry you never hear; frail woman is a queenly soul who plays the "Take-it-Easy" role. Each GOLD DUST package sets her free by bearing out its guarantee, and never more those household woes that every weary woman knows. Pile up the dishes as you will, the GOLD DUST TWINS will clean 'em still. Old floors and woodwork sinks and pans, turn out as Master Cleaner Plans. From sun to sun, and chore to chore, your tasks will fret you nevermore.

TAFT'S THANKSGIVING TURKEY IN TRAINING

WESTERLY, R. I., Nov. 22.—President Taft's Thanksgiving turkey is being given a daily massage by Horace Vose, who for many autumns has made a practice of donating a bird to the White House table.

Massaging a turkey, it may be mentioned for the benefit of the public, consists in gently rubbing the crop of the fowl in order to facilitate the digestion of the contents. Most turkeys are fed on corn at fattening time, just before killing, but this particular turkey is luxuriating on chestnuts so as to give it a sort of nutty flavor. The White House turkey, which has got to eat till it weighs thirty pounds, is also getting a daily washdown like an athlete in training.

"Not by a long shot, I'm no Bull Moose," said Vose yesterday, when his attention was called to a rumor that he was so disappointed at the result of the election that he would skip his usual Thanksgiving contribution to the Presidential table.

Save the Babies.

INFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twenty-two per cent., or nearly one-quarter, die before they reach one year; thirty-seven per cent., or more than one-third, before they are five, and one-half before they are fifteen!

We do not hesitate to say that a timely use of Castoria would save a majority of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drops, tinctures and soothing syrups sold for children's complaints contain more or less opium or morphine. They are, in considerable quantities, deadly poisons. In any quantity, they stupefy, retard circulation and lead to congestions, sickness, death. Castoria operates exactly the reverse, but you must see that it bears the signature of Chas. H. Fletcher. Castoria causes the blood to circulate properly, opens the pores of the skin and allays fever.

Genuine Castoria always bears the signature of Chas. H. Fletcher

SOCIETY CIRCUS PROMISES TO BE AFFAIR OF YEAR

MRS. C. F. MICHELS OF ALAMEDA, WHO IS AIDING SOCIETY CIRCUS IN SAN FRANCISCO.—Bruguiere Photo.

SAN FRANCISCO, Nov. 22.—The Society Circus and Horse Show to be given for the benefit of the Infant Shelter on the evenings of Thursday and Friday, December 5 and 6, and the afternoon and evening of Saturday, December 7, promises to be one of the largest social successes of the year. Mrs. G. H. Umbsen is in charge of the sale of seats for the affair, and Mrs. C. F. Michels of Alameda is among the women of the east bay cities who have interested themselves in its success.

The performers and riders at the show will include men and women prominent in society on both sides of the bay. Horsemen of Central California as well as those nearer home are to exhibit some high-bred animals. Twenty-four classes will be judged at the four performances. The pavilion will be fitted with two circus rings forty-two feet in diameter with a stage between, on which will be given a special show at every performance.

Owing to the worthiness of the cause, seats are selling fast and all the smart set of both sides of the bay and of portions of the interior will be represented at the show. A few box seats are left which can be obtained by application to Mrs. G. H. Umbsen, 2801 Broadway, or at headquarters of the committee in charge, Room 516 Hotel St. Francis. Seats are also on sale at Sherman, Clay's music store, with Mrs. Umbsen in charge.

FREED GUNMEN IN FEAR OF 'SYSTEM'

Police and Gaynor Worry the Thugs; Crowds Jeer Them.

NEW YORK, Nov. 22.—Asserting that the convictions of the gunmen had broken gang rule in New York and that all they feared was the police, Jack Rose, Bridgey Webber, Harry Vallon and Sam Schepps, on whose confession five men have been convicted of the murder of Herman Rosenthal, walked forth free yesterday from the West Side prison.

In Fifty-fourth street the dapper "vagrant" was greeted by an uproarious crowd which shouted "Murderer!" "Squealer!" and other like epithets.

As a battery of photographers, flanked by a moving picture man, momentarily blocked his way to a taxi, Schepps exclaimed:

"Take 'em away. This is an outrage."

Then turning to the reporters, he shouted:

"I'm going to Hot Springs for my health and then you'll see me on the stage. I've been offered $200 a week, but I want $10,000."

"You'll get it—in the neck!" yelled a newsboy.

"Run over him!" Schepps shouted to the chauffeur as he jumped into the taxicab which carried him by a circuitous route to the home of his mother in West One Hundred and Forty-fourth street. There he was served with papers in a divorce action. The woman named in the case is Jean Wilson.

"I won't fight the case," said Schepps. "My wife is a good woman and deserves her liberty."

Rose, Webber and Vallon, having been released by Coroner Feinberg on their stipulations with the District Attorney, left the prison shortly after 1 o'clock. Inspector Dwyer and ten policemen kept the crowd at bay.

"TAKE AWAY THE POLICE!"

When Rose saw the police he exclaimed:

"Police protection! That's the last thing we want. Take them away."

After much maneuvering Rose, his brother Morris and his lawyer hid behind the drawn curtains of a taxicab, dashed out of the prison gate and through Fifty-third street, Eighth avenue and Broadway and tried to escape up Riverside drive.

Overtaken by a touring car filled with photographers, Rose jumped out and posed for his picture, on condition that he would be followed no farther. He then went to the home of his mother in West One Hundred and Tenth street.

Mrs. Webber, dressed in ermine, kept her arms around her husband while they fled in another taxicab down Eighth avenue to the Pennsylvania station.

"Do let my husband alone," she said, beseechingly.

"We look ahead to a better life. Bridgey is through with gambling.

"We will sail in a few days for a three months' trip abroad."

In the excitement Harry Vallon walked down the prison steps in Fifty-third street and, unrecognized by the crowd, departed in a touring car with his brother.

Rose will go to Florida after completing the arrangements for his book on the underworld. Then he may enter the theatrical business.

Vallon will start on a trip to Florida also.

William Shapiro, chauffeur of the murder car, comforted his old mother who came to his cell by saying:

"Don't mind, mother; I'll be out soon. Then we're going West and start life over again."

Public-spirited citizens, it was learned, had furnished District Attorney Whitman with a fund to provide Shapiro with a new start in life. Whitman refused to say how much had been contributed or who were the donors.

Just watch crowds of men anywhere! See *how many* smoke pipes! Prince Albert *has doubled* the number of pipe smokers!

You get a jimmy pipe, too, and dig out some fun for yourself. You never even dreamed of such tobacco as Prince Albert!

Paste this in your hat!

You'll be as happy over Prince Albert rolled into a nifty cigarette as you are over it in a jimmy pipe.

P. A. as a cigarette is a revelation to men who have suffered with the free-running *dust*-brands for years. Why, it's got flavor and fragrance that no other tobacco ever equalled. Just you draw in a mouthful and see how cool and delicious it is. We'll take a chance on your little O. K.

KNIGHTS PREPARE FOR THEIR GUESTS

Members of Oakland Commandery Hold Second Get Together Dinner.

The Knights Templar of Oakland Commandery gave the second of a series of "get together" dinners at the Key Route Inn last night in furtherance of a plan of entertainment for the state conclave, to be held in this city in April.

During the conclave Oakland Commandery will be host to all the commanderies of the state, and is making preparations to have the affair the most important ever held in the city. Eminent Commander Sir Francis H. E. O'Donnell of Oakland Commandery, No. 11, presided at the dinner and called for expressions of opinion from various committees, whose personnel includes: General committee, Frank K. Mott, mayor of Oakland, and Harry S. Anderson, commissioner of public works; finance, Constant Meese, hotels, Mark E. Gaines; transportation and baggage, H. W. France; illumination and decorations, W. H. Cohick; parade and drill, Fred H. Hersey; entertainment and automobiles, Robert B. Gaylord; reception and escorts, Elmer E. Johnson; publicity and promotion, Fred E. Cornish; registration and auditing, William Nelis; music and bands, Harry P. Carlton; printing and badges, Charles P. McLafferty; temple and halls, Robert G. Evans; ladies' committee, Mrs. R. F. Tisdale and Mrs. George Cockerton; medical committee, James H. Todd; grand stand, H. B. Henderson; legal committee, Herbert Breed.

Frank A. Leach Jr. has promised the committee that the electrical illumination during the conclave will be the most elaborate ever seen on the Pacific coast. The ladies' committee will entertain visiting ladies and is planning a program. The headquarters of the committee and of the conclave will be at the Oakland hotel.

CHILDREN NOT TO BE PUT UNDER ARREST

SAN FRANCISCO, Nov. 22.—By a new rule made by Chief of Police White, which goes into effect today, boys and girls of tender age will not be arrested for misdemeanor offenses if their parents or guardians are known. Instead police officers will make out cards, send them to the parents and require the latter to take their offending offspring to the Juvenile Court within three days.

Frequently children have been torn from their mothers by patrolmen and lodged in the detention home. The chief believes that the new order will be more humane, will be more satisfactory to parents and guardians, and will cause less work for the police.

MRS. AMY B. COWLES GIVES TALK AT CHURCH

Mrs. Amy Bridgman Cowles of the American Board in Natal Africa, gave an interesting talk at the monthly meeting of the Woman's club, at Plymouth church, Thursday afternoon. Mrs. Helen Thomas Langlan gave several delightful solos. Mrs. Atwater was the hostess.

The California Writers' club met at the Key Route Inn on Tuesday evening and elected the following officers for 1913: For president, Dr. W. S. Morgan; first vice-president, Professor Morris Stevens; second vice-president, Miss Zannette W. Potter; corresponding secretary, Miss Rebecca Porter; recording secretary, Miss Sara T. Nott; treasurer, Mrs. Kathryn Place.

NAVY MAN WINS NOTED BEAUTY

Miss Mabel Cramer Is Bride of Lieutenant H. A. Orr.

SAN FRANCISCO, Nov. 22.—A score of lovers are broken-hearted and a host of friends are still wondering at the surprising news which reached this city and San Rafael yesterday in a telegram from Seattle announcing the marriage of Miss Mabel Cramer, one of California's most noted beauties, to Lieutenant Henry A. Orr, who was formerly stationed at Mare Island.

The wedding ceremony was performed at 11:30 o'clock yesterday morning in the Cathedral of St. Mary's, Seattle, where the bride's sister, now the wife of Lieutenant Harvey W. McCormack, was married three years ago, and who, with her husband, was present. Lieutenant Orr, who is in charge of the United States cruiser Raleigh and one of the most popular young officers in the service, is en route to Washington with his bride on a honeymoon trip.

UNAWARE OF WEDDING.

Unless the news has reached her by wireless, the bride's mother, Mrs J. W. Cramer, who has been visiting in Seattle and who sailed Wednesday evening for San Francisco, is still unaware of the marriage of her daughter.

The young couple have known each other for just a year, Miss Cramer having met the lieutenant at a cotillion given by the bachelor officers at Mare Island. Miss Cramer had long been a favorite in the navy set there and the susceptible young lieutenant, in spite of the stories of t hearts she had broken, at once laid siege to her heart.

When Lieutenant McCormack was ordered to Bremerton, near Seattle, Lieutenant Orr was transferred also. Mrs. McCormack asked her sister to pay them a visit and she went early in September. The wedding is the result.

COUSIN OF MRS WILSON.

Lieutenant Orr is the son of Mr. and Mrs. James Orr of Washington, and a cousin of Mrs. Woodrow Wilson, wife of the President-elect. He is 29 years old and was graduated in 1904 from the United States naval academy at Annapolis, where he was a member of both the football and baseball teams.

Three or four years ago Miss Cramer won third place in a beauty contest.

Later she showed her originality by appearing at the San Rafael baths in a comon sense bathing suit, which some gossips said was of directoire cut. That was when directoire cuts were being cut, socially at least, but Miss Cramer didn't mind. She said the costume was safe, sane and conservative, besides being an aid to swimming.

So her adventures continued until two years ago, when she decided to become a trained nurse and really began in earnest. But the lure of Mare Island cotillions and dances in town proved too engaging and Miss Cramer remained a society belle.

TO TELL OF TRIP ACROSS PLAINS

C. W. Childs to Deliver Lecture at Franklin School This Evening.

C. W. Childs, a teacher in the Manual Training and Commercial high school, will lecture this evening at the Franklin school at 8 o'clock on "Across the Plains Fifty-one Years Ago." All those interested in the early days of California are invited to be present. Following the lecture a social hour will be enjoyed and refreshments served by the Parent-Teachers' Association, of which Mrs. Jules Roos is chairman.

On account of the strict enforcement of the curfew law children must be accompanied by parents or guardian.

LOS ANGELES MAN IS ARRESTED FOR ATTACK

TACOMA, Wash., Nov. 22—James Wagner, aged 29, of Los Angeles, is in jail, and F. Lawson of Sioux City, Iowa, hovers between life and death in the hospital as the result of a desperate battle yesterday in the Tourist Hotel washroom, in which Wagner is alleged to have wielded a sharp-edged iron bar on the other's head. When the police reached the scene Lawson had barely enough strength left to whisper that Wagner had tried to rob him.

Lawson's head was beaten terribly. Following the struggle a purse containing $73 was found on the lavatory floor. It is believed to be Lawson's. The condition of the washroom bears witness to a terrible struggle. At the police station the prisoner gave the name of Wagner and said he was a newspaper man. At the hotel he registered under the name of Mater. He was captured after an exciting chase through the business section.

WASHINGTON, Nov. 22 — James McClintock of Edinburgh, Scotland, who is supposed to be living in San Francisco or Monterey, has fallen heir to a title, a big fortune and extensive estates near Dumferline, Scotland, according to a letter received by Postmaster-General Hitchcock from James McClintock Jr., at Edinburgh. The letter said the elder McClintock, who left Scotland several years ago for the Pacific Coast, is supposed to be in San Francisco or Monterey, though his family have not heard from him for three years. The younger McClintock asked the Postmaster-General to help find him missing father

FIGHT THEIR WAY THROUGH JUNGLE

Soldiers Patroling Strike District Have Difficult Time in Hills.

CHARLESTON, W. Va., Nov. 22—As an evidence of the inaccessibility of the country and the difficulties of the militia in patrolling the strike district of the Kanawha coal fields, is an incident related by Major James I. Pratt, of the Second Infantry, West Virginia, National Guard.

Several nights ago Major Pratt and a party of six soldiers went into the mountains in an effort to locate a farm upon which a number of miners with guns were said to have stationed themselves. Though charts the farm was located but the miners had disappeared. In returning to their official train the members of the militia missed the trail and were soon engulfed in the dense fastnesses and brush entanglements of the mountains.

Major Pratt, with the aid of a compass and the stars, located a northern direction which he knew would lead to the railroad. The distance he knew was not more than two miles. Aided by a huge knife, fashioned after a bole, Major Pratt began cutting his way through the thick shrubbery and the party succeeded in reaching the railroad in four hours. The soldiers were all exhausted.

It is from such hill sides that persons fired on the troops and trains. Before the soldiers can reach such locations the persons responsible for the shooting have fled with little hope of their capture.

REVERSE DECISION OF 2 YEARS AGO

The California Bar Association Delegates Change Their Mind.

FRESNO, Nov. 22—Frank H. Short of Fresno and a number of other conservative leaders in the California Bar Association, last night secured a reversal of the action of the association of two years ago in favoring verdicts in criminal cases by three-fourths vote, and in favor of permitting the district attorney to comment upon the refusal of the defendant to go on the stand in his own defense.

This action was taken last night after a heated debate before the annual session of the association, which convened shortly after noon, with a rather small attendance. The vote on both the law propositions was 26 to 17.

San Diego is the only active candidate for the opportunity of entertaining the association next year, but Oakland and Santa Cruz are also considered in line. In accordance with the custom of the association, it is understood that a Fresno man will be elected to the presidency, and Judge M. K. Harris is the candidate of this county.

The convention of the association will continue tonight and Saturday, including a reception at the home of Short, who is president of the local association, and a banquet Saturday night.

PAPER DRINKING CUPS FOR TRAINS

Southern Pacific Gives Order for 400,000 Oiled Paper Affairs.

The Southern Pacific Company has given an order for 40,000 individual drinking cups made of oiled paper, which are to be placed on all trains, boats and stations at the begining of the new year.

The paper cups are to take the place of the common metal drinking cup long in use on trains. Passengers are to pay one cent each for them and they can be used three or four times. The cups will be packed in a long, narrow metal case, and the passengers can obtain one at any time by dropping a penny in a slot.

Recently the government amended the interstate quarantine regulations to forbid common drinking cups.

It is pointed out that California has no quarantine regulation on this subject, but the railroad will make the change everywhere.

SHOOTS MAN DEAD AND THEN ESCAPES

Los Angeles Resident Kills His Brother-in-Law; Officers in Pursuit.

SANTA MONICA, Cal., Nov. 22.—Saul Valsiccache, 38 years old, a resident of Los Angeles, motored from that city to the home of his brother-in-law, John Paprieta, 33, in Santa Monica last night, called the latter out of his house, shot him dead and escaped, according to officers, who began a search for Valsiccache.

Mrs. Valsiccache, sister, to Paprieta, with whom she was living during an estrangement from her husband, heard the weapon discharged from the house to see her brother lying dead in the yard.

She did not see her husband, but she saw Jack Landsburg, the chauffeur, whose automobile had been hired to bring Valsiccache here. She ran back into the house, seized a shotgun and, returning, shot Landsburg, who, she thought, had killed her brother, in the leg. He will recover.

Alleged troubles between Mr. and Mrs. Valsiccache were given as the cause of the trouble.

Eats Freely But Has No Dyspepsia

Takes a Mild Laxative With Good Pepsin and Insures His Comfort and Pleasure.

SERGEANT O. SHAPAR.

Fortunate is the man who can eat "anything" without suffering the tortures of dyspepsia, but as few are so fortunate care should be taken in the matter of diet. Eating slowly, masticating the food thoroughly and taking a short walk after the heavy meal of the day will do much towards assisting digestion. Any grown-up person ought to know the peculiar foods that do not agree, and these should be avoided.

When these common-sense aids fail, the next thing to do is to take a mild digestive tonic with laxative properties, and there is none better than Dr. Caldwell's Syrup Pepsin. It contains the greatest of all aids to digestion, good pepsin. It has other ingredients that act mildly on the bowels, and combined it forms a combination for the relief of dyspepsia or indigestion that is unsurpassed.

Its action is to tone and strengthen the stomach and bowel muscles so that they can again do their work naturally without outside aid, and when that happy moment comes all medicine can be dispensed with. It is the best remedy obtainable for any disorder of the stomach, liver and bowels, for dyspepsia, constipation, biliousness, headaches, drowsiness after eating, gas on the stomach, etc. Thousands of users will testify to this, among them Sergt. O. Shapar, Ft. Douglas, Utah, and Mr. J. A. Manchester, Manchester, Ia.

Syrup Pepsin is sure in its results and a vast improvement over chewing or swallowing tablets and mints, or taking cathartics, salts, etc., all of which are harsh and nauseous and at best do but temporary good. You can obtain Syrup Pepsin at any drug store for fifty cents or one dollar a bottle.

If no member of your family has ever used Syrup Pepsin and you would like to make a personal trial of it before buying it in the regular way of a druggist, send your address—a postal will do—to Dr. W. B. Caldwell, 415 Washington St., Monticello, Ill., and a free sample bottle will be mailed you. Results are always guaranteed or money will be refunded.

GRAY HAIRS QUICKLY BANISHED; DANDRUFF, FALLING HAIR STOPPED

Remedy Made from Garden Sage and Sulphur Restores Color to Gray Hair.

A feeling of sadness accompanies the discovery of the first gray hairs which unfortunately are looked upon as heralds of advancing age. Gray hair, however handsome it may be, makes a person look old. We all know the advantages of being young. Aside from the good impression a youthful appearance makes on others, simply knowing that you are "looking fit" gives one courage to undertake and accomplish things. So why suffer the handicap of looking old on account of gray hairs, when a simple remedy will give your hair youthful color and beauty in a few days' time?

Most people know that common garden sage acts as a color restorer and scalp tonic as well. Our grandmothers used a "Sage Tea" for keeping their hair dark, soft and luxuriant. In Wyeth's Sage and Sulphur Hair Remedy we have an ideal preparation of Sage, combined with Sulphur and other valuable remedies for dandruff, itching scalp and thin, weak hair that is split at the ends or constantly coming out. A few applications of this valuable remedy will bring back the color and in a short time it will remove every trace of dandruff and greatly improve the growth and appearance of the hair.

Get a fifty-cent bottle from your druggist today and notice the difference in your hair after a few days' treatment. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented. Agents, The Owl Drug Stores.

PLAYGROUNDS OF STATE PRAISED

Official Pamphlet Tells of the Work Being Done for Children.

SACRAMENTO, Nov. 22.—That California has done much toward adequate playground provision, though very much more remains to be accomplished, is the statement of Frederick B. Moore of Superintendent Hyatt's office in a pamphlet issued yesterday to forward the movement.

In calling the roster of cities that have made serious efforts along this line, Moore says:

"San Francisco has spent well over $1,000,000 in developing a system of seven playgrounds. Oakland began in 1909 with two small school playgrounds and now has ten good centers, five in parks and five in school yards.

"Los Angeles had the first municipal playgrounds commission in the United States, and up to January 1, 1911, had expended $437,000 for the work. The commission has supervision of thirteen play centers, in addition to a site of fifty-three acres secured this year, which is to be made one of the most complete recreation grounds in a city in the United States.

"Berkeley, Sacramento, Stockton, Chico, Marysville, Riverside, Redlands, Pasadena, San Diego, Eureka, Fresno, Yuba City, Watsonville and Santa Monica are among the other cities of the State that have been active along this line. Seashore and mountain camps are becoming popular, extending the field of activity to rural districts."

OAKLAND TRIBUNE EDITORIAL PAGE

M. C. CHAPMAN
President

Consider the Salespeople.

There is one argument in favor of early shopping in the holiday season that is seldom advanced, but it is a good one to remember. It involves consideration for the clerks and other employes in the stores. They are grievously overtaxed in the rush of late shopping. This is not the fault of employers, but of conditions. It is incumbent upon the merchant to meet the demands of his patrons, and in meeting them his employes are necessarily overworked. They are driven to the utmost of their exertions by the importunities of customers, who, by their neglect and lack of foresight, inflict hardship upon others.

As a rule, merchants would prefer shoppers to do their buying carefully, taking time to examine goods and select what suits their fancy. Haste and hurry often produce dissatisfaction for which the merchant and his employes are nowise to blame. Shoppers often complain of a lack of attention because they have chosen to make their purchases when the stores are crowded and the sales force is over-busy. The wearied and overtaxed clerks have too many people to wait upon; they cannot attend to everybody at once, and in the hurry and worry naturally overlook some things which would not escape their attention if they were not so rushed. Then in the scramble of a crowd shoppers are apt to become snappy and impatient. The crossness of the shopper is communicated to the tired salesman, and temper flashes out in the strain.

If shoppers would show more consideration for themselves they would incidentally give more to those whose duty it is to serve them behind the counter. They would receive polite and ample attention while the salespeople would not be rushed to death and harried into being apparently discourteous. Looking at the matter from all sides, early shopping is to the advantage of the buyer, the merchant and the salesman. It is humane and sensible, saves money and ill-temper and is altogether more satisfying to all concerned. The shopper gets better values, the merchant fewer kicks and the merchant's help less of worry and wear and tear. Shopping in a hurrying crowd becomes a frenzy of which the poor clerks are the victims. People forget that they have nerves and get tired, and are thoughtlessly cruel.

The moral is: Make your holiday purchases early and avoid the rush and discomfort of doing it at the last moment when everybody is in a hurry and the clerks do not have the time to wait on you properly.

A blind banker in Paris is under arrest for stealing $2,000,000 belonging to his depositors. How could a blind man be expected to tell the difference between his own money and the money of other people? A good many bankers with good eyes appear to be unable to distinguish the difference.

Texas has a permanent school fund of $70,926,455, yielding an annual income of more than $3,000,000. At an early day the legislature adopted the wise policy of setting aside the bulk of unsold public lands for a permanent school fund. Nearly all these lands have been sold to actual settlers on time, the State taking long term notes in payment. Thus the settlement of the State has been facilitated and revenue provided for the maintenance of the schools. As the land notes are paid off the proceeds are invested in bonds. The State is a constant buyer of bonds issued by the cities, counties and school districts. This method of financing is a great aid to the counties, municipalities and school districts under the necessity of borrowing money to make improvements. As the State always stands ready to buy such bonds at par, there is no difficulty in getting the money needed. Texas is a progressive State in many respects, although her railroad policy is somewhat narrow and restrictive.

Portland's Oscar Wilde society has for the moment taken the shine out of the moral putrescente of the Los Angeles purity squad. Guy Eddie can say there are worse men than he.

Simultaneously come denials from Mr. Wilson and Mr. Bryan of the story that the former had offered the latter the position of Secretary of State in his cabinet. The story went on to say that Wilson had invited Bryan to assist him in making up his cabinet. That ought to have condemned the yarn as a fake. Wilson, we take it, is not the man to ask another to assist him in selecting his cabinet officers. He may offer Bryan a cabinet appointment, but he is not likely to ask Bryan's advice as to who else he shall appoint.

The Democratic Patronage Row.

The Democrats of California are preparing to engage in one of the old-time rows for which they are ridiculously famous. It is a patronage squabble of course. The factions are organizing to control, each for itself and its members, the distribution of Federal offices in this State. They are all hungry and all jealous. They will resolve themselves into rival patronage corporations, each resolved to direct the distribution of of the loaves and fishes, and likewise resolved that the other fellows shall get nothing.

The original Wilson men, who constitute a small minority of the Democratic voters, are not in favor of the Clark men, who outvoted them three to one at the primary, having anything. They have resolved that no man shall have a seat at the pie-counter unless his back has been chalked by their organization. The Clark men are equally resolved to have a share of the spoils and a voice in the distribution thereof. Both factions are getting ready to carry their complaints to the White House and make Washington ring with the clamors of an indecent quarrel over patronage.

The wrangle reminds one of the fierce factional quarrel over patronage that followed Cleveland's first election. The pretense of the dispute was the attitude of the respective factions in the famous Stockton convention, which split the party wide open and precipitated a quarrel that lasted twenty years, but in reality greed sharpened the grudges and kept alive animosities that would otherwise have been temporary. The row became a scandal to the whole State. Its outcome was what might have been expected, and was equally disappointing to both sides.

Utterly disgusted with the clamors of the disputants, Cleveland ignored the factions as far as he was able in making appointments. Wherever he could find a suitable man outside the patronage guilds he appointed him and neither side was given a preference.

But the salutary lesson Cleveland taught has apparently been forgotten. With the scent of game in their nostrils, the Bourbon leaders are so eager for political plunder they cannot contain

themselves. Instead of acting with dignity, or of holding their appetites in check till they can with propriety present their claims for recognition, they have undertaken to decide for themselves what the President shall do and whom he shall appoint.

Wilson will probably turn down the pretensions of both factions. It is to be hoped that he will. Unless we are mistaken in the man, he will not delegate the appointing power to any man or set of men, and will make such selections, at the proper time, as he deems best fitted to serve the public. We fancy he will care little, nor take the trouble to inquire, for whom his appointees voted for in the primaries.

Why does Servia want a port on the Adriatic? asks a New York paper. Easy as falling off a log; Servia wants to send ships to California through the Panama canal. The desire to come all the way to California by water justifies Servia in demanding an outlet on the Adriatic sea. No one but a Bull Mooser will deny it. | Washington Post

BOY SLAYER IS PUZZLE TO IDAHO

Officials Seek Disposition of Eleven-Year-Old Murderer.

BOISE, Idaho, Nov. 22.—Idaho officials, from Governor Hawley down, are greatly perplexed as to what disposition to make of James Whittaker, the eleven-year-old boy who killed his mother because she compelled him to assist her do the family washing, and who has been sentenced to a term in the penitentiary of from ten to fifteen years. When the boy was found guilty of murder the trial judge had no alternative but to sentence him to prison, but state officials and many prominent citizens have protested that the penitentiary is not the proper place in which to confine the lad.

Dr. W. B. Lyman, an alienist, said the boy was a moral degenerate, and that he should be confined in a home for the feeble-minded. Others insist that he should be sent to the state industrial school and a few persons maintain that he should be kept in the penitentiary.

The boy will remain in the state prison under the care of the librarian until the prison board makes final disposition of his case next month. The prison librarian has taken a great interest in the boy and gives him regular lessons along the same lines the lad would receive in the public school. This Police Judge Lyman have petitioned Governor Hawley to place the boy under the care of a criminologist for observation.

BURGLAR SHOT TO DEATH BY OFFICER

Unidentified Man Killed and His Confederate Is Captured.

SANTA ANA, Cal., Nov. 21.—An unidentified burglar was shot to death last night by Deputy Sheriff George Law, who later captured the dead criminal's alleged confederate.

A series of burglaries recently has kept citizens on the alert. One man heard a noise. Loaded last night in a house in Grant street from which the owner was absent.

Deputy Officer Law, who began investigation. At the back door he saw two men. One ran away. The other started to draw a revolver. Law was quicker. He shot the burglar.

The officer then pursued the man who had run away and caught him about two blocks from the scene of the burglary. He gave the name of Harry Williams and said he had come here from Terre Haute, Ind. To disclaimed knowledge of the dead man's name but according to Law admitted they had been confederates.

Every Child Should Be Given This Tonic

When children have no appetite; when they are continually peevish and irritable; when they are restless in their sleep, it is almost a certain indication that their digestive organs are troubled with worms or other parasites. This is a very common ailment and easily remedied. Physicians will tell you that nearly every child is so troubled at some time, and, in fact, many adults suffer in the same way. Among adults this trouble is invariably referred to as indigestion, when in reality it is due to a small parasite which infests the intestinal tract.

For children, Jayne's Tonic Vermifuge is unsurpassed, as it is not only destructive to these parasites, but completely removes the nests in which their young are deposited. Seldom does it purge, and the improvement in the health of the child will be the first and best indication of the beneficial results of the medicine. Not only will the Vermifuge destroy all the parasites, but its wonderful tonic effects will restore the digestion which has been impaired.

For children, the addition of a little sugar will make it so palatable that they will take it readily. Millions of parents have praised it for more than eighty years. Insist on Jayne's; accept no other. Sold by druggists everywhere. Dr. D. Jayne & Son, Philadelphia, Pa.

SHAW AND STRAUSS MAKE HAPPY PAIR

"The Chocolate Soldier" at Macdonough Bears Imprint of Greatness.

(By LEO LEVY.)

Come to think of it, it's not for you to wonder that "The Chocolate Soldier," now at the Macdonough, has survived the season, comes up fresh and smiling and gives several indications of repeating that trick for some time to come. Nor should your childish, wide-eyed surprise be directed at the fact that the producer has spent money on other things that billboard announcements—on talent, for instance.

Preserve your wonderment intact for something else. You might, as an example, marvel at "The Chocolate Soldier's" escape. Not Rumeli's success in routing the Bulgarians in Nadine's bedchamber ruled you. That isn't the point. One doesn't escape anything, nothing from the skuttle into the gas oven. Not at all. Any time you feel there is safety in boudoirs—read the divorce news in another column.

We're interrupted by this brief soliloquy on why men wander, we were going to remark that "The Chocolate Soldier" came out of the barber chair, unscratched. It has been adapted. An American adapter is a barber, despite all the references to butcher-shops. He leaves in hand the book and lyrics of an opera that the producer believes will make money here as in Europe. After taking it in hand there is nothing left to do but cut its hair and shave it, delicate operations that require skill and get it once time out of every fifteen.

RETAINS SATIRE.

To his credit let it be said that Stanislaus Stange was fired with more than a desire to earn his money when he made the English version of "The Chocolate Soldier." He has retained every whit of Shaw's stinging satire that is found in "Arms and the Man" from which the book is borrowed. Shudder at the thought of what the average New York adapter could have done!

Back to "The Chocolate Soldier" itself. Herein are to be found all of those joys of life that make a merry existence for the serious minded mortal. We discover this man Shaw poking fun at men and things in a perfectly legitimate manner.

That ancient custom of gazing open-mouthed and watery-eyed at anything in a foreign uniform, is meat for the amiable Mr. Shaw. Lives there one of us who gets beneath the blue cloth and the brass buttons in the analysis of a hero? Anyone but Shaw, we mean to say? England's favorite pert long ago discovered human nature and he has been putting it through its paces in a sawdust ring ever since.

And so there are in "The Chocolate Soldier" a rare assortment of clowns, mental clowns, physical buffoons, serious knights of the world's circus and ordinary romps who are young and foolish and glad of it.

FEMININELY FOOLISH.

Nadine, daughter of Colonel Popoff, in whose boudoir Lieutenant Bumerli, the "chocolate soldier," is forced to hide in escaping from the Bulgarians, is the femininely foolish person you find in a light-brained woman. Rena Vivienne is Nadine. Though she fails to impress in the first few minutes of play, she grows in your estimation as time goes on and wins you long before they ring down the curtain. She is vocally capable of handling a heavy part. Lucille Saunders is her mother and Ilon Bergere, the cousin Mascha.

The three of them, who haven't seen a man since war was declared, loll over the hero for the space of an act. They hide him from the Bulgarians and before he goes array him in Popoff's house coat, into which they have slipped autographed photographs of themselves. Later, when the cruel war is over and Bumerli returns the coat, without having found the photographs, we have the spectacle of the four of them trying to remove the photos from the garment. Which furnishes much of the plot, inasmuch as the Colonel is in the coat.

Nadine is engaged to Major Alexius Spiridoff, SOME hero, who admits he is. Alexius discovers that Nadine has hidden Bumerli in her bedroom. Whereupon he renounces the lady and she is free to be won by her chocolate soldier, the which is accomplished after an act of delightful dialogue and a half dozen splendidly done duets.

WHIMSICAL CHAP.

Charles Purcell's chocolate soldier is a whimsical chap, whose personality is that of a prank-playing schoolboy and whose knowledge of women is completely Shawistic. To Captain Massakroff, J. Russell Powell gives a broad burlesque that must be G. Bernard's idea of the physical clown. Powell creates one-third the chuckles of the evening's entertainment. J. F. McDonough as Spiridoff and Sylvian Langlois as Popoff are more than sufficient for the occasion thereof.

To have caught the spirit of the occasion as has Oscar Straus is an achievement of a life time. Wonderful music is this of "The Chocolate Soldier." "My Hero" will live few years, although repetition and the canned music butchers do their worst. "Falling in Love," melodiously undulating; the letter song, as tuneful a conceit and as cleverly worked out as opera bouffe has created in an age. "Chocolate Soldier" and "That Would Be Lovely," tuneful and solid—these and all of the rest of them are of that sort of thing that reclaim the desert of musical stagedom. Nor can you forget the Bulgarian ensemble, bombastic, stirring and as full of satire as a five foot shelf of Shaw's works. Take all of these set to an orchestration that bears the wondrous imprint of Straus, give them to a capable set of musicians and there is little to be asked for by an audience.

The which brings forth the remark that if all who have seen "The Chocolate Soldier" at the Macdonough, feel that way about it, there is a prodigious blowing off of enthusiasm in these parts, this November afternoon.

Granted Insurance After Lung Trouble

There are so many cases of Consumption reported where the details show the disease started with a cold or a cough, that it is really surprising that people are not more anxious to immediately stop these apparently minor troubles. Our advice is "stop the cough or cold, if possible, without delay." Otherwise more serious troubles are likely to follow. If the medicines you are now taking do not help, relief [illegible] tive, as this man did:

237 Dean St., Brooklyn, N. Y.

"Gentlemen: I am giving you below a brief history of my case, which I trust you will use for the benefit of those suffering from any similar troubles.

"About a year and a half ago I noticed that my health was rapidly failing, until at the end of six months my weight had fallen to 129 pounds. I was troubled with night sweats, a severe cough and was very weak, having in fact absolutely no ambition whatever. About this time I consulted a physician, who told me my lungs were affected. Not satisfied I went to another doctor, who after examining me said that I was in the first stages of consumption. At this point I started to take Eckman's Alterative. The night sweats stopped almost [illegible] and gradually disappeared. My weight is now 142 pounds and my physician has pronounced me perfectly sound — which, together with the fact that I have been accepted by two different insurance companies for insurance, makes me sure of my entire recovery by Eckman's Alterative. I should be very glad to correspond with any one who would be interested in my case."

(Sworn Affidavit.) W. H. GEF

Eckman's Alterative is effective in [illegible] Asthma, Hay Fever, Throat and Lung Troubles and [illegible] ing the system. Does not contain opiates or habit-forming drugs. For sale by The Owl Drug Co. and other leading druggists. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for additional evidence.

Breckinridge of Omaha, Neb., on the "Constitution, the Courts and the People," reports of the section on uniformity of state laws and on legal education and admission to the bar, were among the features scheduled for today's session of the California Bar Association, which is holding its third annual session here.

ONE-TIME STATE OFFICIAL IN COURT

Lionel Deane Is Among Those Involved in Portland Scandal.

PORTLAND, Nov. 22.—Lionel Deane, secretary of the California State Board of Architecture until a month ago, is among the group of prominent men involved in the local Y. M. C. A. scandal.

It was not known until yesterday that the man, who gave his name in court as "Dean," was the same person who, as an architect and master builder, was well known in professional circles in San Francisco.

Yesterday was Deane's first appearance in the Portland courts. He came up for arraignment and was not at all embarrassed as he stood in the prisoners' dock and listened to the reading of the highly sensational charges against him.

The courtroom was filled and all eyes were directed at Deane, the well-built, handsome prisoner, who chatted gayly with thirteen other unfortunates up for arraignment.

Deane came to Portland to superintend the construction of an addition to the Bowers Hotel.

E. S. J. McAllister was arrested in Medford, Ore., yesterday in connection with the vice clique scandal of this city. He is a well-known lawyer here. He was prominent recently as counsel in chief for Jack Roberts, convicted of having shot Don Stewart and George Hastings, two lads killed in an attempted hold-up of an automobile on the riverside drive near here last spring. He also was prominent in urging the adoption of the single tax measures presented to the electorate at the recent election.

LAWYER JAILED.

MEDFORD, Ore., Nov. 22.—E. S. J. McAllister, a lawyer, who is wanted in Portland in connection with the vice clique scandal, which is being investigated by the juvenile court of that city, was arrested on a southbound Southern Pacific train yesterday on telegraphic warrant from Roseburg, Ore. McAllister denied his identity until confronted by persons who were acquainted with him.

BODY OF RESTAURANT KEEPER DISCOVERED

SAN FRANCISCO, Nov. 22.—The body of Samuel Adovich, 34 years old, proprietor of the Silver Moon restaurant, Columbus avenue and Broadway, who disappeared a week ago last Wednesday afternoon, was discovered in the foothills near Colma yesterday morning. A bullet wound was in the right temple. Beside the body was a pistol from which one [illegible]

According to Lazarus Adovich, the man's brother, Samuel had told various persons that some day he would disappear forever.

It is believed that he committed suicide as he had been ailing in health for some time.

The body was first seen by Charles Bricker of 113 Whittier street last Sunday while he was picking mushrooms on the hills. He told friends of his discovery and word was sent to Coroner Plummer of San Mateo county.

The coroner sent two deputies to search for the body, but they could not find it until Bricker, accompanied by Lazarus Adovich, went to Colma and led the brother to the body.

BANDIT SUSPECT CONFESSES CRIME

HILT, Nov. 22.—Frank Brownlee, arrested in Medford on Wednesday night as a bandit suspect, confessed last night that he was the leader in the hold-up of Victor E. Warrens' saloon here last Friday night. Brownlee did not confess until after he had been confronted by several victims of the hold-up.

The sum of $55 was found on Brownlee. The rest of the money had been squandered. It was his reckless spending that first caused suspicion to rest upon him and then caused his arrest.

Warrens' $1500 diamond pin has been located in the Imperial lodging house in Oakland where Brownlee stopped. The stone had been taken from its setting. Warrens' watch was also recovered.

Brownlee comes of good parents. They formerly lived near Bella Vista. He has been a notorious character for several years.

S.S.S. CURES CHRONIC CATARRH

When we say S. S. S. cures chronic Catarrh we do not mean that it merely checks the symptoms for a time. Some local applications will do that by simply cleansing and soothing the irritated mucous membranes. But all the while the cause which produces Catarrh is left in the system, and as soon as the local treatment is left off, the trouble returns with all its annoying symptoms. S. S. S. cures Catarrh by cleansing the blood of all impure catarrhal matter and at the same time building up the system by its unequaled tonic effects. It goes into the circulation and attacks the disease at its root, and removes every trace of impurity that is causing the trouble. Under the purifying effects of S. S. S., the inflamed membranes are healed by rich, pure blood which is carried to these parts, the offensive discharge from the nose ceases and severe headaches and neuralgic pains are no longer felt. In fact every symptom of Catarrh disappears, the stomach is toned up and the disease is thoroughly cured. Thousands of chronic cases of Catarrh of the most stubborn character have been completely cured by the use of S. S. S. The inflammation which produces chronic Catarrh can never be permanently relieved until the cause has been removed from the blood. This S. S. S. will do, and then nature hastens the return of perfect health. Book on Catarrh and any medical advice free to all.

S. P. CAR JUMPS TRACK; BLOCKS KEY ROUTE

A tie-up on the Shattuck, Ellsworth and Berkeley Key Route lines occurred last night when one car on the train of the Southern Pacific Ellsworth street line jumped the rails and stood at right angles with the tracks. No one was injured and there were no passengers on the train at the time.

The crews of both the Key Route and the Southern Pacific worked from 9:30 last night until early this morning before they were able to clear the tracks, owing to the difficult position of the derailed car.

PLAN TO EXPRESS FAITH IN OAKLAND

Local Boosters to Go Down the Litany of "I Believe."

They put the "land" in Oakland and they put the "boost" in boosters. Now the progress and prosperity committee are to meet tonight and draw up a "Profession of Faith" that is expected to put the "there" in therefore.

The "Profession of Faith," by which the Oaklander is hereafter to be known, is the idea of Bernard P. Miller, one of those most active in the ranks of the anti-annexationists. He will submit the suggestion at tonight's meeting and urge its adoption. The "Profession of Faith" will take the form of a creed by which the Oaklander will be required to go down the litany of "I Believe," and give the reason why he has faith in "My City Oakland."

Colonel J. K. Ritter will also be present tonight and plans will be outlined for the organization of the proposed permanent "Flying Squadron" of uniformed citizen boosters.

BLACKLEG BREAKS OUT NEAR WALNUT CREEK

WALNUT CREEK, Nov. 22.—Blackleg has broken out among the calves on a number of farms near here. The fact that the disease is hard to handle makes it all the more dreaded. Dr. Fred Booth of Danville has been called in several cases and has successfully used a serum in a number of instances. Peter Young, a local stock raiser, reports the loss of three calves through the disease, but believes he will be able to save the remainder of the stock affected.

TO ATTEND MEETING.

MARTINEZ, Nov. 22.—The Board of Supervisors is to go to Oroville next month to attend a meeting of the counties committee of the California development board. Supervisors throughout the state will attend the meeting of the committee, which is to be held on December 6 and 7. An orange and olive exposition is to be held in Oroville on December 3 and 4.

FOREIGN SHIPS MAY ENTER TRADE

Canal, Porto Rico and Philippines Declared No Longer "Coastwise."

WASHINGTON, Nov. 22.—The Interstate Commerce Commission announced today its withdrawal of a recent administrative ruling that shipments to Porto Rico, the canal zone and the Philippines were coastwise commerce. Enforcements of the ruling would have barred foreign ships from carrying American commerce to those territories.

On November 11, 1912, the commission voted that shipments destined from points in the United States, to Porto Rico, the canal zone, or the Philippine islands, are coastwise and not export shipments," said the announcement. "Upon presentation of further information and for the purpose of further consideration on the subject that ruling is hereby rescinded."

An effort was made by the commission so to modify the ruling as to make it inapplicable to commerce between the United States and the canal zone, but finally it was found necessary wholly to rescind it in order to prevent ... in the canal work.

LET CONTRACT FOR NEW LOCAL SCHOOL

Board of Education Award the Building on Bid of $103,300.

The Board of Education last night awarded the contract for the construction of the new Dewey school to Williams Bros. and Henderson on their bid of $103,300. The contract embraces everything but a patent clock system and the electrical work under ...

... the contract for the construction of the Park and Davison school to Nils Anderson for $56,535 ... the protest of O. R. Ackerman, a local contractor, whose bid was lower but had been referred to by the city attorney as defective in a few minor instances. Ackerman contended that the bid was not illegal, and could therefore be accepted. The board decided to lay the matter over until Monday and consult further with the city attorney.

RECENT WEDDING.

One of the most attractive weddings of the season was that of Mrs. Velma Butler Pracht and August Terrill Heilbron, which was solemnized Sunday at 4 o'clock at the First Christian church of Oakland, Rev. Robert Lord Cave officiating. The ceremony was attended by about 200 friends and relatives from all parts of the state. The church was beautifully decorated in large baskets of pink carnations and ferns and festooned in smilax.

The bride was handsomely gowned in cream charmeuse with a bodice and overskirt of chantilly lace embellished in pearls, and wore a wreath of orange blossoms and pearls, which was worn by Miss Helen Darling when she became the bride of Harry Darling three years ago.

Miss Ethel Thorndyke of San Francisco, who was maid of honor, wore a Paris gown of pink chiffon embroidered in gold. Little Marion Pracht was ringbearer and Estel Holland flower girl.

Marshall Holland and Perry Johnston ushered the bridal party to the altar, followed by Miss Frankie Hite, gowned in pink satin, who sang "Faithful and True" to the strains of Lohengrin's "Wedding March." During the ceremony Miss Hite sang "O Promise Me." Richard Butler, brother of the bride, was best man.

A reception was held after the ceremony at the home of Mr. and Mrs. Marshall Holland, only a few intimate friends and relatives being present.

The bride is the daughter of Mr. and Mrs. Richard Blanton Butler of San Francisco and Fresno and the granddaughter of J. J. Stephens of Woodland, Yolo county. The groom is a son of the Louis Heilbrons of Fresno and nephew of August Heilbron of Sacramento.

THE MONOCLE

By LILLIAN RUSSELL

Copyright 1912, by Lillian Russell.

I HAVE been asked recently if the monocle is considered an affectation, or if it can be used by a woman who has need of an eyeglass for only one of her eyes, without giving the idea that she is using it to attract attention. The monocle was first used by army men who had weakened one eye by looking through a spyglass or telescope for hours at a time on the battlefield. At one time the one-eyeglass was a distinctive sign of the military man. For the last generation it has been rather a fad and I cannot believe that every man and woman who has affected the monocle had astigmatism in only one eye.

There was a day when no dandy went without his monocle. It gave rather a bored and dignified appearance to an otherwise vapid and idiotic looking young man. Then they liked the effect of a black ribbon from the monocle to the white waistcoat. Now the monocle is no longer the sign of smartness, although the older set still cling to it. A lovely woman to wear such an appendage would be ridiculous. There are women who can wear the monocle with dignity and grace, but they are plain, smart women of a type dignified, large and clever—women who wear No. 7 gloves and dress in black velvet. What is considered a pretty woman would look silly and conspicuous wearing on here eye a monocle attached to black ribbon. Remember, things that are becoming to dignified women make dainty little women look ridiculous.

Answers to Queries

BROWN EYES—The powder probably does not agree with your skin if it scales when you put it on, or perhaps the winds have chapped the skin. Some people can use glycerine and rosewater on their skin and it agrees with it, but others cannot use it at all. Try it and see if it agrees with you skin. It is harmless.

MRS. B. H.—Eczema has been called a disease of the healthy, because there is no apparent cause for it in certain cases. Various local irritants of the skin may cause this trouble. Again it is chiefly due to some fault in the general health. It is not a sign of "bad blood," as is often thought. It is frequently caused by some digestive disturbance. If its cause can be discovered and removed the eruption will disappear. Oftentimes the itching may be greatly relieved by cleansing the spot with sweet oil instead of using water for the purpose. This paste is frequently soothing in its effects. The formula is: Powdered starch, two drams; zinc oxide, two drams; salicylic acid, seven and one-half grains, petrolatum, one-half ounce.

READER—No wonder the dandruff is so thick on your head if you use a dry shampoo as often as you say you do. A dry shampoo is not good for the hair at any time. It clogs the pores and causes dandruff. The hair should be washed at least twice a month. Wash the hair oftener and do not use a dry shampoo. If you will send me a stamped addressed envelope I shall send you the formula for an excellent hair tonic which will remedy the dandruff, and also a shampoo for oily hair.

EARNEST READER—There is nothing that will take the white spots off of the finger nails. They are caused by improper manicuring or a bruise. To keep the nails in good condition they should be manicured at least once a week and each morning after washing the hands the cuticle should be gently pushed back with the blunt end of the orangewood stick. Be careful in doing this, for if you injure the nail a white spot will appear.

Never use sharp instruments under the nails for this will injure the delicate surface and it will be most impossible to keep them clean. If you care for them send me a stamped addressed envelope and I shall send you complete instructions for manicuring.

Miss L. F.—If you wish to cultivate a slender ankle you must wear high laced shoes. There is nothing that will enlarge the ankles more quickly than wearing pumps or low shoes. Witch hazel will close the pores. It is better when applied to the face hot. Wet a cloth in hot witch hazel and leave on face until cold. Dampen the hair with a good hair curling fluid before doing it up on kid curlers. I shall be glad to send you formula for skin food, with instructions for facial massage; also a curling fluid, if you send me a stamped addressed envelope.

CHIEF CUTS DOWN LIST OF PAPERS FOR POLICE

SAN FRANCISCO, Nov. 22.—No longer will every police station in San Francisco resemble a free reading room. Chief White has come down on the luxury of the daily paper with a heavy hand. It is to follow the cigar, cigarette and pipe into the discard. Up to this time each station has been receiving two copies of the three morning and three evening papers published in the city. The order of the chief, delivered to the company commanders today, is to the effect that one morning and one evening paper, to be selected by the captain, will hereafter be delivered.

REFUSES WRIT IN CASE OF REBEL LEADERS

WASHINGTON, Nov. 22.—Chief Justice H. A. Gudger of the Supreme Court of the Panama Canal Zone has refused, according to news received here, to grant a writ of habeas corpus in the case of the Nicaraguan revolutionist leader, General Luis Mena, and his son, Colonel Daniel Mena, "detained" at Ancon by the United States.

General Mena and his son were taken to Ancon on a United States warship after their surrender to American marines, September 26, following the battle at Barranca.

ROOSEVELT'S ASSAILANT IS DECLARED INSANE

SCHRANK TO BE SENT TO AN ASYLUM

Five Physicians Declare That the Prisoner Is Mentally Incompetent.

Experts Say He Is Unable to Confer Intelligently With Lawyers.

MILWAUKEE, Wis., Nov. 22.—The commission of alienists investigating as to the mental condition of John Schrank, who shot Colonel Roosevelt, reported unanimously today that he was insane. He was ordered confined in an insane asylum. The conclusions reached by the commission are as follows:

First—John Schrank is suffering from insane delusion, grandiose in character and of a systematic variety.

Second—In our opinion, he is insane at the present time.

Third—On account of the connection existing between his delusions and the act which he stands charged, we are of the opinion he is unable to confer intelligently with counsel on the conduct of his defense.

RICHARD DEWEY, M. D., Chairman,
W. F. BECKER, M. D.,
D. W. HARRINGTON, M. D.,
FRANK STUDLEY, M. D.,
WILLIAM F. WEGGE, M. D.,
Commissioners.

STRONGLY GUARDED.

Schrank was conducted from the county jail to the city jail by a strong guard, but without being handcuffed. Arriving at the Municipal Court, on the fifth floor, he sat beside his counsel, James C. Flanders.

The prisoner was pale, though he appeared not to be excited. He rested his right and left elbows alternately on the arms of the chair, with either hand resting on his jaw. The prisoner listened very intently to the commission's report.

The report, which consisted of several thousand words, included the personal and family history of Schrank. Important portions bore upon the present physical state of the prisoner and neurological data. The report closed with exhibits of numerous written communications of the defendant.

An address by Schrank to the commissioners, in which he apologized for causing unpleasantness in making them decide a matter "which would have been better tried by a higher court than earthly court," was included in the report. In it Schrank reviewed the "vision" in which he claimed to have looked into the dying eyes of the late President McKinley. "When a voice called to me to avenge his death. I was confident that my life was coming soon to an end and I was at once happy to know that my real mission on this earth was to die for my country and the cause of Republicanism.

TELLS WHY HE SHOT.

"The shot at Milwaukee, which created an echo in all parts of the world, was not a shot fired at the citizen Roosevelt; not a shot at an ex-President; not a shot at the candidate of a so-called Progressive party; not a shot to influence the pending election; not a shot to gain for me notoriety; no, it was simply to once and for ever establish the fact that any man who hereafter aspires to a third Presidential term will do so at the risk of his life.

"I have been accused of selecting a state where capital punishment is abolished. I would say I did not know the laws of any state I traveled through, and it would be ridiculous for me to fear death for the act, as I expected to die during the act and not live to tell the story. If I knew that my death would have made the third term tradition more sacred, I am sorry I could not die for my country.

"Prison for me is like going to war. Before me is the spirit of George Washington behind that of McKinley."

SITE PICKED FOR CHILDREN'S HOSPITAL

MRS. F. G. RUSS TELLS OF WORK PLANNED

MISS HELEN NEAL.—Bushnell Photo.

MISS HELEN RICHIE.—Bushnell Photo.

Oakland Girls to Have Chance When New Institution Opens

These are great days for the women who have at heart the accomplishment of their cherished scheme for a children's hospital for the east bay cities. Support is coming from almost every quarter and many donations and subscriptions have been pledged.

While "Jappyland" is the biggest thing on the calendar of the women's board of managers, other activities are by no means being neglected.

It became known yesterday that an option had been secured on a choice site for the hospital in Central Oakland and that the property already contains a large residence that would be adequate to meet the needs of the proposed institution until such time as a new building could be secured.

Mrs. F. G. Russ, a member of the board of managers, spoke before the Home club yesterday at a largely attended meeting, and outlined the purposes of the organization she represents.

GOOD COULD BE DONE.

After reviewing the need for such a work and the success which it had obtained in other cities, Mrs. Russ spoke of the good which could be accomplished along obstetrical lines and in behalf of unfortunate young girls:

"A great many girls," explained Mrs. Russ, "might be saved from a life of degradation if they were helped at the critical time and given a chance to start life again well and strong.

"These girls, when they get into trouble, have no place to turn, and so sink lower. This is one way to prevent our white slaves from gaining recruits.

"We will have an expert on baby-feeding, and hope to have a perfectly equipped hospital with the best operating rooms money can procure to carry on this work for children under the age of sixteen and for the surgical and medical work for women.

Miss Helen Neal and Miss Helen Richie are members of the Happy Jappy Maids of "Jappyland."

PACIFIC FLEET CRUISERS RETURN

Vessels Are Back From Service in Central American Waters.

Target Practice to Be Followed by Journey to Mare Island.

SAN DIEGO, Nov. 22. — Back from service in Central American waters, the armored cruisers of the Pacific fleet dropped anchor in San Diego bay this morning. They are the California, flagship of Rear Admiral W. H. H. Southerland, Maryland and Colorado. The voyage from Corinto, Nicaragua, to San Diego was uneventful except for a heavy gale off the Tehauntepec coast.

The cruisers expect to be in San Diego, the admiral said this morning about a month, but that was before he had looked at the mail that has been accumulating for the fleet in San Diego for weeks. It is thought the cruisers will sail for Mare Island immediately after target practice, which will be begun in a day or two and last for four or five days.

"The newspapers of the United States have been full of accounts of our expedition in Nicaragua and there is little I can add regarding the march to Granada," stated Admiral Southerland. "I will say, however, that the conduct of the officers and men was excellent. I believe there has scarcely been an instance in the history of so many men being stationed for so long a time in the tropics with so good a record for health. There was some malaria, but no more than might have been experienced at a much more northerly point on the Central American coast."

WIRELESS COMMUNICATION.

Speaking about wireless communication, the admiral stated the cruisers were in almost constant touch with Key West and Colon and that the operators picked up the station on Point Loma, this port, while 1000 miles south of San Diego.

Many men whose terms of enlistment have expired will be discharged here and their places to a certain extent filled with men who have enlisted at the recruiting station in San Diego.

Four months' pay has been given the crews and shore leave was granted within an hour after the anchors had been dropped.

BIG DINNER TO MARK THE OPENING

Hotel Oakland to Be the Scene of Festivity About Christmas Season.

Over 1100 Reservations Have Been Received for the Banquet.

The big dinner which will mark the opening of the new Hotel Oakland about December 20, will be the social event par excellence of this section of the state. Over eleven hundred reservations have been accepted by Victor Reiter and places probably will be secured by more than 1200 people. The waiting list contains over 200 well known names while hundreds of others have applied since the time when the waiting was ordered closed.

The ballroom, dining-rooms and corridors will be utilized for table space at this dinner, and even this is not expected to prove any too large from the standpoint of accommodation.

The opening of the Palace Hotel in San Francisco, hailed as the social triumph of that city, will be eclipsed by the gathering in Oakland's enormous caravansary. It is whispered, too, that there will be few people present whose names do not appear upon the glossy pages of California's Blue Book, though this has been due more to the promptness displayed by the social elect than to any lines initiative on the part of the hotel management.

Hundreds of workmen are at work putting the finishing touches to the interior decorations and cleaning up preparatory to the arrival of the huge rugs and tapestries that will lend a palatial atmosphere to the ground floor.

Among the functions planned at the Hotel Oakland for the early days in the New Year is a luncheon by the Oakland Civic Center and allied organizations of San Francisco, Berkeley, Alameda, Fruitvale and Hayward. This luncheon will be given January 4 in the hotel ballroom. Mrs. Cora E. Jones has the arrangements in charge. Reservations may be made at headquarters at the Key Route Inn Arcade, room 1.

The Oakland Center, which is organized for educational work on civic lines, has become firmly established in the community, with a large and rapidly increasing membership. It will endeavor to promote a feeling of good fellowship and friendship among its members.

'Fool-Proof' Airship Invented by Woman

VENICE, Cal., Nov. 22.—A "fool proof" aeroplane, the first aviating device of any kind to be constructed by a woman, it is said, is being built here by Mrs. Bessie Taylor, who hopes to make flights in the aircraft soon. She declared the aeroplane was entirely of her own design and had several new features, principal of which, she said, would make it "fool proof" and prevent it from dropping to earth.

BROAD FIELD PLANNED FOR BOMBS

Twelve Hundred Pounds of Dynamite Stolen for "Jobs" Testifies McManigal.

Swears McNamara Was Confident Los Angeles Affair Would Blow Over.

INDIANAPOLIS, Nov. 22.—Stealing 1200 pounds of dynamite, hiding it in a shed at Tiffin, O., and then transporting it in suitcases on passenger trains to Indianapolis, was a related experience by Ortie E. McManigal at the "dynamite conspiracy" trial today. It was the explosive used by McManigal and the McNamaras after the Los Angeles Times explosion and by which 10 non-union "jobs" were blown up in spite of the fact, the witness said, that detectives for two months had been on the trail of the dynamiters.

Confident that the agitation over the Los Angeles explosions would "blow over" and that James B. McNamara would be free to do more "jobs," McManigal added, plans were begun in January, 1911, to carry on the dynamite campaign with zest.

"When I reported to J. J. McNamara how easy it had been to steal the dynamite from a stone quarry at Bloomville, O., and store it in a shed at Tiffin, he was pleased," said McManigal. "I brought him several suitcases of dynamite as a sample and he locked it up in a vault at the office of the International Association of Bridge and Structural Iron Workers. J. J. said he would send James B. over to help me carry it. We brought it in such quantities that J. J. said he could not store it at the iron workers' office. We had about 1200 pounds.

"It was decided to rent a barn. We rented a barn in West Washington street, in Indianapolis, owned by Daniel Jones. Jones helped us get a piano box, barrels and sawdust, in which we packed the explosive. We told him we were storing some old letters, but I took care to ask whether any children played about the barn.

"J. J. ordered us to cut off all the trade marks on the dynamite sticks, because, he said, it had been a mistake to leave the trade marks on the dynamite purchased at San Francisco for the Los Angeles job."

Having the new supply of explosive, McManigal said J. J. arranged to send the dynamiters out on "jobs."

McManigal then testified that J. J. told him about the finding of a suitcase in San Francisco full of fuse and clocks, which he had checked. He had given the check to David Caplan, telling him to get the suitcase and "drown it," but Caplan got "cold feet," being afraid to show up where the suitcase was.

Edward Smythe and James E. Ray, iron workers, union officials at Peoria, who were arrested three days ago after their bondsmen had surrendered them, had failed to secure new bonds of $50,000 each today and were confined in jail between sessions of court.

BOY CONFESSES MURDER OF FATHER

Fear of Going Insane Leads 19-Year-Old Youth to Tell Story.

Declares He Killed Step-parent With Axe, Then Buried the Body.

PORTLAND, Or., Nov. 22.—Glen E. Gault, aged 19, walked into the police station early today with the statement that he wished to "give himself up" because he had killed his stepfather two years ago. Gault said that his conscience had compelled him to admit the killing, and also, he asserted, constantly brooding over the slaying, and the desire to "tell someone" was driving him crazy.

The following is in substance the statement made to the officers at police headquarters:

During his mother's absence from home, while at work splitting wood, his stepfather, D. M. Leitzell, had threatened the boy with a paring knife, on the Leitzell farm near Mount Angel, Or.

Frightened, the boy said, at his stepfather's menacing attitude, Gault said he struck blindly at his stepfather with his axe, and followed the blow, which struck home, with others, until Leitzell was dead.

BURIES CORPSE.

Gault said he dragged the body to a plowed field, where he buried the corpse, and when his mother returned, declared that during her absence a stranger had induced his stepfather to go on a trip to Eastern Oregon on a "mining proposition."

This explanation of his stepfather's disappearance, Gault said, was accepted by everybody except his mother, who, from time to time, urged him "if he had anything on his mind" to confess it. His mother's repeated urging led the young man to leave home, he said, and go to Astoria.

It was while in that city that he was, according to his statement, overcome by the fear that if he did not confess his deed that he would go insane.

Pending investigation of the truth of the young fellow's statement he will be locked up in the jail.

ASK SUBMISSION OF AMENDMENT

A. S. U. C. President Tells the Status of Student Prohibition Movement.

UNIVERSITY OF CALIFORNIA, Nov. — The agitation for a stringent anti-liquor clause in the constitution of Associated Students was lent additional interest last evening by the declaration of President Cora M. Torrey, senior singing of petitions for permitting to the registration at once of petitions intended to secure such action. Torrey declared that individual freedom of students was not a matter to which the A. S. U. C. had a right to "tamper." Sentiment among the speakers was largely in accord with his, and humorous rather than regular tenor were made by seniors present.

David L. Oberg, Frank B. Lenz and T. F. Wilkie, who have been leaders in the anti-liquor campaign, issued a dodger today containing a statement which claimed was submitted to the Californian the student daily, and refused publication thereof.

This paper [illegible] dodger "[illegible] free discussion of [illegible] proposed amendments to our constitution. We have met all the requirements of the constitution and should at least be given a fair hearing and a vote according to the requirements of that constitution. We have adopted this method as the only means of getting this proposition before the unprejudiced members of the student body and persons interested in the university."

The dodger follows this with eight arguments in favor of passing the amendment. In part these arguments are as follows:

"The university is now on record throughout the State as 'dry' because of a resolution passed last spring barring the use of all liquor at all student functions. This resolution has not been observed. The honor spirit, which prevails here, should certainly recommend the university to tell the truth to the State. We cannot consistently advertise our university as a 'dry' institution and continue to serve liquors at our student functions. This is contrary to the honor spirit.

"This amendment is not an attempt to force prohibition on the university. Its passage will not abridge the personal liberty of anyone or keep any person from drinking as much or more than before, if he so desires. It will in no way interfere with the serving of liquor in fraternity, club or private houses, or at fraternity or club banquets. It will simply remove the name of the university from such practices by ruling liquor from all social functions coming under the jurisdiction of the student body."

It is stated by the prohibition forces that the petition to President Torrey for a vote on the amendment has been signed by several thousand persons, and that a large proportion of these signatures are now in Torrey's hands. This petition reads:

"We, the undersigned citizens and voters of California, interested in the present and future morals of the students of our State university, hereby request the present student body of the university to adopt as part of their constitution an effective and permanent rule against the use of any intoxicating liquors at all university functions; and we hereby request you, as president of the student body, to assist in the early submission of such a proposition to the students and to use your personal, moral and official influence to secure its adoption."

The Berkeley Women's Christian Temperance union has again taken a hand in the campaign with a request for signatures to the amendment. It is requested statements of signatures secured be sent to Mrs. J. L. Slater, 2834 Forest avenue.

PET COON LOOSE AND ALAMEDANS WORRIED

ALAMEDA, Nov. 22. — The fashionable southside section of Alameda is sleeping these nights with tightly shut windows to avoid visits from a pet coon which is loose in the neighborhood. The coon can work second and third stories with the same facility displayed by an up-to-date burglar. Open windows and doors ajar are just in his line.

His coonship has been spotted several times by southsiders and complaint has been made to the police. All of the officers on beat have been instructed to keep a lookout for the coon and kill it if possible.

TEACHER TAKES LESSONS FROM PROF. DAN CUPID

MRS. MINNIE MARSHALL LEWIS.

ALAMEDA, Nov. 22 — Wedded in the historic mining town of Sonora, immortalized by Bret Harte, Frank Lewis and his bride rode out of the railroadless hamlet to Jamestown, where a train was taken for Honeymoonville and Alameda. The unusual feature about it all was that this happened two weeks ago, that the wedding took place without the knowledge of the relatives, and that the auto slipped quietly out of Sonora with the bride and bridegroom after equally other quiet preparations were made for the wedding. When Monday morning followed Saturday the Sonora school department found itself suddenly minus a teacher.

The bride was Miss Minnie R. Marshall before her marriage. She and her husband are now cosily settled in their new home at 2414 Buena Vista avenue and have just found time to write the wedding details to relatives and friends at a distance, and to tell their Oakland and Alameda friends how the wedding was advanced from New Years to November 9.

The couple met three years ago in Oakland while Miss Marshall was visiting a cousin, Mrs. M. Lewis of 1579 Fifth street, sister-in-law of Frank Lewis. Later when Lewis was seriously injured and in the hospital, Miss Marshall was in Oakland and came to see the sick relative of her Oakland cousin. No formal engagement was announced, but the relatives knew that the young folks planned a wedding for this winter and had set New Years as the day.

But Lewis, working in Alameda and his fiancee teaching in Sonora, found it lonesome. It is a long trip to Tuolumna county, especially to Sonora. When Lewis could stand it no longer and left Alameda for Sonora the first of the month he made up his mind that November was a better marrying month, anyway, than January. The bride-elect was a bit hesitant, but Lewis pleaded so successfully that Miss Marshall finished teaching on Friday and was married the next morning and on her honeymoon while her pupils were still studying their lessons she assigned them to have ready for Monday morning.

Mrs. Lewis is an attractive young woman. She is the daughter of Mr. and Mrs. John Marshall of Shaw's Flat, Tuolumne county, and her father is a lifelong Californian. She is a Native Daughter and belongs to Sonora Parlor of the order. Lewis is equally well known in Alameda. He is a member of the fire department, being a call man, and is the son of Mrs. Marian A. Lewis of San Jose. He has lived all his life in this state and numbers friends by the wholesale in Santa Clara and Alameda counties.

TO BURY MRS. HESS AT STATE CAPITAL

ALAMEDA, Nov. 22 — Mrs. Laura May Hess, who died yesterday, will be buried Saturday from the Hess residence, 1423 Morton street. The body will be sent to Sacramento for interment. Mrs. Hess was the wife of William F. Hess and the mother of Walter Hess. Her husband has been connected with the Wells, Fargo Nevada bank in San Francisco since boyhood days. The family came to Alameda from San Francisco about six years ago.

VETERAN SIXTH IS ENTERTAINED

Department Commander Forsterer and Staff Guests of Honor.

BERKELEY, Nov. 22 — Members of the veteran Sixth Infantry, U. S. A., which has seen service for 20 years and but recently returned from the Philippines, were entertained in Berkeley last night by Joseph H. McCourt Camp, No. 13, United Spanish War Veterans. Department Commander B. A. Forsterer and members of his staff were guests of honor with Past Commander W. H. Copping of Riverside.

The reception was held in Native Sons' hall and was attended by delegations from most of the camps about the bay. The veterans of the Sixth Infantry were members of the Hayden Y. Grubbs camp of the veteran army of the Philippines and there was many a pleasant re-union last night and many a recollection of stirring memories.

Refreshments had been provided by Major F. G. Russell, department quartermaster, who was assisted in the general arrangements by an efficient committee so that the evening passed pleasantly.

Commander Ulrich of the visiting camp was given an ovation when he rose to pay tribute to the loyalty of his men and their devotion to the flag and the traditions of the organization. The rigors and hardships of life in the islands was detailed by the speaker, who said that Camp Grubbs had, nevertheless, increased steadily in membership and enthusiasm.

INTERESTING TOPICS.

The recent Fresno encampment and the coming encampment at Venice were the topics for an interesting address by Past Department Commander W. H. Copping of Riverside.

Department Commander B. A. Forsterer told of his trip to Atlantic City where he attended the national convention and learned that the sentiment there was practically unanimous for holding the 1915 gathering at San Francisco. The commander pointed out that the membership of the United Spanish War Veterans was increasing and the sphere of its influence widening steadily. He expressed his confidence that this growth would keep up steadily and urged the gathering to co-operate with other camps in rousing enthusiasm in the organization ranks.

Among other department officers present included Harry F. Huber, junior vice commander; T. A. Stetson, chief of staff; A. L. Lauder, department adjutant; and F. G. Russell, department quartermaster.

He was a member of the Masonic and Odd Fellows lodges of Angels Camp.

His wife died in 1872. Deceased is survived by one son, B. C. Demerest of this city. The remains will be shipped on Saturday to Angels Camp, where funeral services will be held on Sunday.

HIRSCHFELD SENTENCED FOR CONTEMPT OF COURT

SAN FRANCISCO, Nov. 22.—Because he sent a telegram to the court saying that circumstances over which he had no control prevented himself and his attorney from attending the tribunal, Leo Hirschfeld was sentenced by Superior Judge Van Nostrand today to five days in the county jail for contempt of court.

Hirschfeld is an oil speculator and he has been six times before the bar to show cause why he has failed to pay alimony to his wife. On two previous occasions also he has been given a term in prison. Yesterday a new complaint was made that he had failed to contribute to the support of his better half and he was ordered to be on hand today. The telegram dispatched was sent from this city and, believing that if he could send a message he could come himself, the court sentenced him to jail. A deputy sheriff is now looking for Hirschfeld to take him into custody.

BONNHEIM ETHICS PRIZE WON BY JUNIOR STUDENT

UNIVERSITY OF CALIFORNIA, Nov. 22.—The Bonnheim prize in the upper division was won in debate last evening by W. G. Marvin of the junior class, to whom was awarded the $100 offered. Others who competed were Miss Margaret M. Alltucker and H. J. Weldon. The judges were Dr. E. von Adelung, A. G. Freeman and F. D. Stringham. Their decision was unanimous.

FLEXEL FINDS BONDSMEN.

ALAMEDA, Nov. 22. — Peter Flexel was released today from the city prison on $500 bonds furnished by B. Berquest and A. Gavalli of Oakland. Flexel is accused on two counts of selling liquor without a license at his workmen's boarding house at Alameda Point, known as the American Hotel. His trial is set for next week.

HADLEY TO LEAD MEN AT BERKELEY

Symphony Orchestra Will Be Heard at the Greek Theater.

BERKELEY, Nov. 22.—The only opportunity that music-lovers will have to hear the San Francisco Symphony Orchestra on this side of the bay this year will be at the concert that the Musical and Dramatic Committee of the University of California has announced for the Hearst Greek Theater on next Saturday afternoon at 2.15. At this a special program will be performed, consisting of Berlioz's overture, "Le Carnaval Romain," Op. 9, written as an overture to the second act of his opera "Benvenuto Cellini," when it was produced in London, and full of the gay, bustling scenes of the carnival at Rome, Beethoven's Fifth, C-minor symphony, Op 67, the most generally admired of the nine, expressing from the opening notes, when "Fate knocks at the door," to its triumphant close the struggle of the individual against untoward circumstances; and Richard Strauss' tone-poem, "Death and Transfiguration," which describes the sleep of a sick man who has just struggled with death, the renewal of the struggle, the delirium in which the events of his life pass in review before his mind, and the final struggle, followed by the transfiguration, in which he triumphs over death—a work in which the musical din that is associated with this composer is interspersed with passages of quiet loveliness.

The program combines old classical music and the ultra-modern, the attempt being to please all music lovers. Under the leadership of Henry Hadley the orchestra has been brought to such a condition that it now ranks with the best in the country, and with all the works to be played it is thoroughly familiar.

The great capacity of the Greek Theater makes it possible to give the concert at decidedly lower prices than those charged in San Francisco, and these will hold, even though the weather should make it necessary to give it in the Harmon Gymnasium. Tickets good for admission to either place are now on sale at the usual places.

GIVE PERFORMANCE TO AID CHARITY

ALAMEDA, Nov. 22.—The first night of the grand benefit entertainment was given last evening at Lafayette hall, San Antonio avenue and Lafayette street, by the dramatic section of the Young Men's Institute. The performance is given in order to provide Christmas food and clothing for the deserving poor of the city. The house was well filled with an appreciative audience, and the performance will be repeated this evening.

Features of the entertainment were the skits produced by the dramatic section of St. Mary's college. They were entitled "A Yellow Dog" and "The Great Skinnem Skinnem." The latter had the audience in roars, it being one of those farces in which theaudience plays a prominent part.

A vocal solo, the intermezzo from "Cavalleri Rusticana," by Miss Matilda Stross, with accompaniment by Miss Marie Ross, was well rendered, as was also a duet by Miss Lillian Green and J. D. Thomas. There were several instrumental solos and the orchestra of the institute played between acts.

CANADA TO GIVE AID TO IMPERIAL NAVY

OTTAWA Ont., Nov. 22.—The Canadian government will push the plan to strengthen the navy of the British empire, it was announced yesterday at the opening of the second session of the twelfth parliament of Canada. The session was opened by the governor-general, the Duke of Connaught.

The most important clause of the duke's speech referred to the naval issue in the following words:

"During the past summer four members of my government conferred in London with his majesty's government on the question of naval defense. Important discussions took place and conditions have been disclosed which, in the opinion of my advisers, render it imperative that the effectual naval forces of the empire should be strengthened without delay. My advisers are convinced that it is the duty of Canada at this juncture to afford reasonable and necessary aid for that purpose. A bill will be introduced accordingly."

FIND ANCIENT BONES IN BYRON GRAVEL PIT

BYRON, Nov. 22.—What the University of California considers an interesting geological specimen has been discovered by workmen in a gravel pit on the ranch of W. O. Plumley. About 21 feet below the surface of the earth they came across the bones of an animal, evidently of an extinct species. University experts to whom the remains were sent for examination state that they are those of a species of horse different from the domestic horse and seemingly nearly related to the extinct horse species, of which the experts have found several specimens in the asphalt beds of Los Angeles.

Leech, and after treatment was removed to the home of Mrs. Joseph L. Silveira, where she will remain until she has recovered from her injuries.

RHEUMATISM

Sciatica and Neuritis

The prodding pains of rheumatism, sciatica and neuritis cannot long stand before the proof we furnish of the work being done through the country by "Nurito," the prescription in powder form which is a positive antidote for uric acid poison.

It is a physician's prescription, pharmaceutically compounded, without a trace of opiate, narcotic or any harmful drug. Reputable physicians all over the country are prescribing it as a long needed remedy and the news of their success is traveling. It was this news of the universal success of "Nurito" which induced us first to bring it to this city.

At last here is a prescription—not a patent medicine—which will positively, and under a sufficient guarantee, permanently and quickly relieve every case of rheumatism, sciatica and neuritis. It is pure negligence, entailing a continuance of your suffering, not to try it. Particularly those who may think their cases are of long standing and cannot be cured are invited to try "Nurito," with our assurance that the ingredients are absolutely harmless.

We ask you as friends to believe this statement. Try a $1 or $2 box and have the glorious sensation of feeling the pains and aches leaving you. Magistral Chemical Co., Flatiron Bldg., N. Y. For sale by

SEES CROCODILES AT COST OF $155

Antony Sancomb From Montana Runs Up Against Thieves.

Antony Sancomb comes from Red Lodge, Mont., and in his own town is some pumpkins. Also he was recognized as a good man at the faro table and could play the red and the black with some success when the roulette wheel was spinning.

Antony came to Oakland a few days ago to enjoy a little city life and he brought his bank roll with him. Two men saw him gazing in wonderment at the tower of the City Hall, and offered to show him the sights of the city.

There is a little park near Harrison and Twelfth streets, chiefly occupied by nursemaids and perambulators on warm days. The two men told Sancomb he might see some Nile crocodiles there. Sancomb went, and while waiting for a crocodile to stray across the path he was induced to try the simple game of matching coins with the two Oaklanders. Remembering his success at faro and monte, Sancomb consented.

Presently one of the Oaklanders saw a crocodile and went away to shoo the animal into an open spot where Sancomb could get a good view of it. The other Oaklander went to assist his companion. Neither crocodile nor crocodile herders returned, and Sancomb presently found that his pocketbook, containing bank notes amounting to $155 had also disappeared. He reported his adventure to the police before returning to the peace and quiet of Red Lodge, Mont.

Reports of thefts were made to the police this morning as follows:

Mrs. I. Ables, 717 Thirty-first street, home entered by burglars, who cut a panel from a rear door; jewelry valued at $110 stolen.

G. Tiscornia, 527 Thirty-second street, home entered by same burglars by rear window; jewelry valued at $95 taken.

F. A. McDonald, 598 Seventh street, place entered through door being left unlocked; revolver and purse containing $16 taken.

A. E. Clark, Lawrence apartments, 144 Grand avenue, apartments entered and watch and $2 in coin stolen.

J. W. Dana, 2410 Warren street, clock valued at $10 stolen from auto.

Mrs. H. M. Bull, 4501 San Pablo avenue; watch stolen from auto.

NO. 2 BOYS' BAND TO PLAY IN PUBLIC

Boys Will Make First Appearance on the Streets of Oakland.

No. 2 Band of the Oakland Boys' Club will make its first appearance before the public Saturday evening, this week. The boys will play in various parts of the business district from the club's bandwagon. There will be thirty young musicians in the wagon. These boys are receiving private instruction from Professor Conrad Horst. Professor Horst also gives these boys weekly rehearsals every Tuesday evening. There are now a number of beginners, who will soon take their places with the boys who are now playing.

The band will make its first stop in front of THE OAKLAND TRIBUNE Saturday evening. The Oakland Boys' Club is acknowledged as being the largest musical organization in Alameda county. The senior band of the club numbers 30 members and is composed of boys who have been with the club for a number of years.

The success of the musical branch is largely due to Professor Horst's knowledge of instructing young boys and keeping them interested. Professor Horst has worked among boys for the past twenty years.

WIN PRIZES AT FAIR.

The Oakland Boys' Club Senior Band and the San Francisco Columbia Park Boys' Club Band won prizes at the Sacramento State fair, 1912. Both bands are under the instruction of Professor Horst. The club has now a well organized orchestra.

The senior band of the club, which has been playing continuously for the past two years will have a night off Saturday evening.

Superintendent Mummert states if the applications for membership in the two already large bands now playing continues to come in, a third band will be organized.

It will be necessary to have three grades where there are so many boys receiving musical instruction. The boys must be graded in separate bands where they may comprehend the music. Only the older boys are permitted to enroll in the senior band of the club. The club rooms of this club will be found at 814-816 Harrison street, Oakland. The senior band rehearses every Thursday evening from 7:30 to 9:30 and the No. 2 band rehearses every Tuesday evening from 7:30 to 9:30 o'clock.

ACCUSES FORMER CITY OFFICER OF JUGGLING.

NEW YORK, Nov. 22.—Charles H. Hyde, former city chamberlain, on trial charged with agreeing to receive a bribe and with receiving an unlawful fee, virtually compelled Joseph G. Robin, convicted head of the now defunct Northern Bank, to lend the Carnegie Trust Company $130,000 to meet a crucial situation, declared District Attorney Whitman in his opening address yesterday.

"Hyde said to Robin in substance: 'If you make this loan I will increase your city deposits; if you don't I will draw out every cent,'" Whitman charged, whereupon Robin capitulated.

This $130,000 transaction, continued the district attorney, was only one of a series of connected transactions.

CHEER GIVEN TO COUNTY'S WARDS

Inmates of Infirmary Entertained in Chapel of Institution.

Pre-Thanksgiving cheer was carried to the hearts of more than four hundred inmates of the county infirmary today, cheer that was partly created by entertainment and partly by good wishes and encouragement.

There are a lot of other people who are feeling better as a result of an automobile excursion to the infirmary. In it were more women and half as many who had a part. They are the ones who came active after learning that Fred Howard, ventriloquist at the Orpheum, was not only willing but anxious to make glad the hearts of the infirmary inmates, as he has done in a half hundred institutions on the way from Halifax during his fifteen seasons' tours.

Mrs. Richard H. Hammond, prominent in the Catholic Ladies' Aid Society, went to work to aid the plan and enlisted many others of the aid society and similar organizations. Supervisor John F. Mullins volunteered to help, and Manager George Ebey, Assistant Manager L. P. Icknart and Treasurer Julius Sonnenberg of the Orpheum, co-operated.

The party traveled to the infirmary shortly after 10 o'clock and was received by Dr. C. A. Wills, superintendent of the institution.

GRAY-HAIRED AUDIENCE.

Already scores of gray-haired men and women inmates had gathered in the new chapel. Many were wheeled in on chairs, others hobbled to their seats with the aid of sticks and crutches. Howard, who is the most cheerful of Scotchmen, started the love feast with a speech filled with kindliness and humor. Then Richard Hammond, a student at St. Mary's College, sang two selections.

Gerald Brusher acted as piano accompanist.

Howard proved himself to be a versatile entertainer, starting off with violin selections. Tears moistened the eyes of many who gazed into space over the tops of their canes as the familiar strains of "Silver Threads Among the Gold" were wafted out through the open windows of the chapel. "Annie Laurie" revived memories for others. Then the Scotch inmates smiled reminiscently as the notes of the bagpipe were coaxed from the violin. Howard couldn't resist telling a few stories on his fellow countrymen.

SPEAK TO OLD PEOPLE.

Mrs. H. E. Magee, grand president of the Catholic Ladies' Aid Society; Mrs. Katherine Hogan, Mrs. C. A. Lynch, Miss Mary Lambert, Mrs. James Kelley, Mrs. Thomas P. Hogan and Supervisor Mullins spoke briefly.

Mullins told of the plans of the supervisors to build a modern hospital that would compare with the best in the world, although, he said, the inmates were now being taken care of in the best possible manner with the present equipment. The supervisor's talk was applauded.

After the singing of "Auld Lang Syne," Dr. Wills bespoke his appreciation of the entertainment. Those who visited the hospital were: Mrs. Richard H. Hammond, Mr. and Mrs. Fred A. Howard, Master Gordon Howard, Mrs. Thomas P. Hogan, Miss Madeline Lakenan, Mrs. E. J. Da Vega, Miss Helen Smith, Mrs. James Keller, Mrs. J. McManus, Mrs. W. T. Morton, Miss Mary Lambert, Miss Mary Canty, Mrs. James Kelley, Mrs. H. E. Magee, Mrs. Katherine Hogan, Mrs. C. A. Lynch, Miss J. Lamb, Mrs. F. H. Garcia, Mrs. A. C. Fox, Mrs. Peter Crinnion, Mrs. A. B. Dunn, Miss Pauline Hess, Mrs. W. T. Hayes, Mrs. Murphy, Miss Veronica Lynch, Mrs. J. E. Nicodemus, Mrs. Gertrude Keefedor, Mrs. M. E. Bergman, Mrs. Albert Smith, Miss Katherine Maher, Mrs. Herbert Copp, Mrs. Leo Levy and Miss E. Schuyler; Richard Hammond, Gerald Brusher, Julius Sonnenberg, Supervisor John F. Mullins, L. Bruckhart.

Automobiles were furnished by Gerald Brusher, James Keller, Francis Kelley, W. W. Blair, Richard Hammond, John Breuner Company, A. B. Dunn, C. E. Hahn, M. J. Kelly, John F. Mullins, Sheriff Frank Barnet and Street Commissioner W. J. Baccus.

Attempts Life When Convict Brother Dies

CHICAGO, Nov. 22.—Death of a brother in a German prison, where he was serving a 15-year sentence for spitting in the face of Emperor William, was the reason given by John Wisolski for attempting to end his life today.

"I am a lieutenant in the German army," Wisolski told the police, "and reached Chicago yesterday for a visit. I received word last night that my brother had died in prison, where he was sent for spitting in the Kaiser's face. I wanted to die when I learned of his death."

Wisolski, who swallowed poison, is expected to recover.

PIEDMONT NOTES

PIEDMONT, Nov. 22.—At the regular meeting of the board of city trustees last evening an ordinance was passed repealing the dog muzzling ordinance. A resolution fixing the curbs and grades on Milwood avenue was passed.

A petition was read from residents on Boulevard avenue asking that a street light be erected in the neighborhood of the petitioners.

Of $36,700, $20,000 of the city taxes have been paid up to date. A number of the residents of Piedmont are still under the impression that city taxes are to be paid in Oakland instead of at the City Hall in Piedmont. Some who are putting off paying until the last moment are likely to be delinquent. Trustee Farr brought this matter to the notice of the board and suggested that notices be sent to Piedmont residents informing them as to the location of Piedmont's City Hall and the fact that city taxes were payable at that place.

The other members of the board, including the chair, thought such notices unnecessary.

Trustee Farr asked if something could not be done to put a stop to boys littering up the streets. After a short discussion City Marshall Rose was instructed to take charge of the matter and see that the nuisance was stopped. The application of Mrs. Nellie Maxwell for the grading and paving of Greenbank avenue was granted.

Health Officer Burchell reported that the sewers along Greenbank street were in bad condition owing to the breaks caused by the roots of gum trees growing on either side of the street. The board ordered the trees cut and roots taken out and sewers put in order.

M'KINLAY TELLS BANKERS OF CANAL

Surveyor of Port Is Speaker at Meeting of the Institute.

Ex-Congressman Duncan McKinlay delivered a lecture on the Panama Canal last night to the members of the Oakland Chapter of the American Institute of Banking in the Union Savings Bank building. McKinlay, who has served three times as United States Congressman from California, and who is now Surveyor of Port of San Francisco, was invited by the Oakland Chapter of American Institute of Bankers to lecture to them on his recent trip to the Isthmus.

President A. E. Coldwell quickly disposed of all preliminary business last night, and with a few complimentary words introduced McKinlay. The lecturer held the floor for fully an hour and a half, keeping the attention of his audience nailed to his last word.

McKinlay began his lecture with a brief review of the history of the canal ... a waterway through the Isthmus which existed from the earliest discovery of Panama. France became interested in the canal in 1879, and proposed to build a sea-level waterway. A company was formed and issued bonds to the value of $400,000,000, which were sold to the French people. A third of this capital, said the speaker, was actually used in starting the ditch, another was spent in extravagance and the rest was grafted away. It was not until Roosevelt in 1902 ordered the purchase of the French properties that the canal had prospects of being finished.

PROBLEMS OF CANAL ZONE.

McKinlay then went on to discuss the problems that faced the United States down in the canal zone, dwelt with the different routes that proved practical and feasible, the climatic conditions and the Columbian question.

To quote the lecturer:

"When the Colombian government refused to submit to our proposal concerning the 10-mile wide strip of land across the Isthmus we raised our own flag and declared the zone a republic free and independent. It is now considered by the other powers that we made haste in this act and ought to compensate Columbia in some way.

"The purpose with the canal was not at all commercial; it was simply a scheme to strengthen the power of our naval defense. I have no fear that this government will have any trouble with the European powers in exercising full control of ... The canal will cost us about $400,000,000, but we have learned that it now could have been built for much less. Without doubt ten years from now the world will see a new canal put through the Nicaraguan route by some European power at a third of the sum which it cost us to build the Panama canal. A canal through this route will probably be of more commercial value as it will shorten the distance between New York and San Francisco by over 300 miles. But California need fear naught from such a competition between the two canals. It will all be to the benefit for the Pacific Coast."

The speaker closed with a general description of the Panama Canal and added that the opening will make California one of the most populous countries in the world.

ACCUSED OF FORGERY.

Roy Batestich, a cook, was arraigned before Judge R. B. Tappan on a charge of forging a check which he later cashed with Gilbert Wyman, 4610 East Fourteenth street. The check was returned to Wyman, and Batestich was later arrested by Captain Thorwald Brown and Sergeant William Brackett. The name of Warden N. Olson is alleged to have been forged on the check which was drawn on the First National Bank of Oakland.

WANTS STATION IN PARK FOR POLICE

The Plans for Platform to Be Erected on Lake Shore to Be Submitted.

At the regular meeting of the Oakland Board of Park Commissioners yesterday, Architect A. H. P. Petersen introduced a proposition for a park police station on Lake Shore avenue. No definite action was taken in the matter.

A request by Oscar A. Prager, landscape architect, for the propogation of 2000 Bell flowers, 5000 English prim roses and for the planting of about 300 trees at a total cost of $247 was granted.

Walter D. Reed, architect for the park commissioner, presented a plan for the erection of a platform on the north end of the lake. The board decided to take the matter up at a later meeting, and Reed was ordered to furnish three different plans and estimations, the selection to be made by the board, at the meeting to be held December 5.

HUNDRED YEAR CLUBS

Believe Life May Be Prolonged

Men who are devoting their lives to the study of longevity believe that in days to come a man of ninety will be in his prime, and old age will begin long past a hundred years.

Scientists have proved that the simple life, temperate habits, exercise, and an active mind are essential to a long and happy life.

When the blood gets thin and sluggish and creeps lazily through the veins and the arteries ... there is nothing that will enrich the blood, improve the circulation and restore strength to every back-sliding organ in the body so quickly as our delicious cod liver and iron tonic Vinol. Here is proof:

Mrs. Michael Bloom of Lewiston, Pa., at 83 years of age was so weak she had to be wheeled around in an invalid's chair—she writes that after taking a few bottles of Vinol she could take long walks and do her housework. That shows how Vinol strengthens old people.

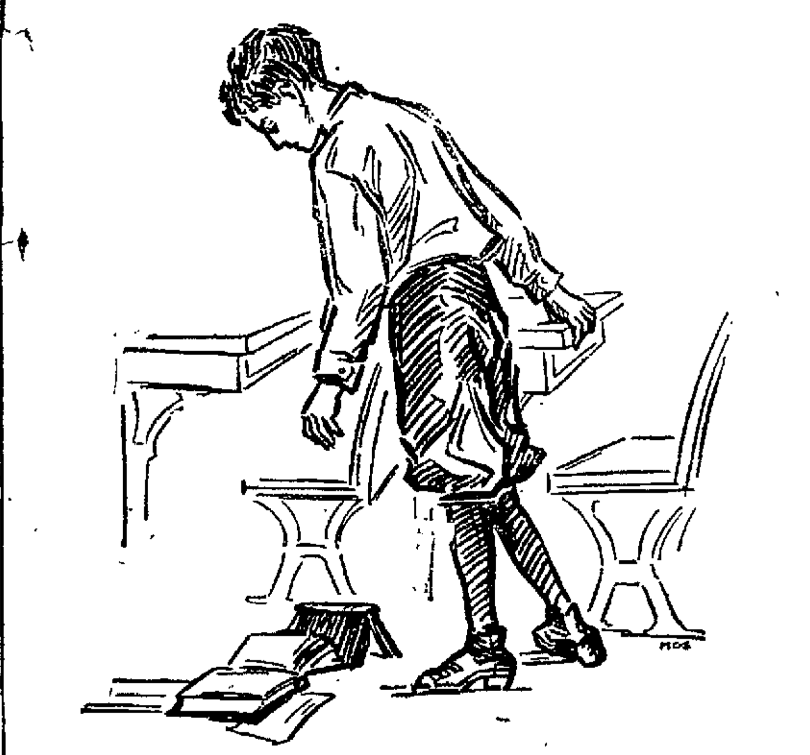
ROOT URGES PEOPLE TO ARBITATE DISPUTE

NEW YORK, Nov. 22.—Senator Elihu Root, addressing men famous for their part in the life of the nation, state and city, who gathered last night at the Waldorf to help the New York Chamber of Commerce celebrate its one hundred and forty-fourth birthday, analyzed what, he said, was the greatest danger now confronting the nation—the danger that great masses of the people were out of touch and misunderstood other great masses. He made a stirring appeal to the nation to keep faith with England and submit to arbitration the question of tolls of the Panama canal. That he had won his point with the notable men present was shown by a great burst of cheering and applause that followed when he said: "I say to you that if we refuse to arbitrate it we will be in the position of a merchant who is known to all the world to be false to his promises."



Many a child has been called awkward, has been punished in school for not keeping still or for dropping things when the trouble was really St. Vitus' dance. This disease may appear at any age but is most common between the ages of six and fourteen years. **It is caused by thin blood which fails to carry sufficient nourishment to the nerves and the child becomes listless and inattentive. Then it becomes restless and twitching of the muscles and jerking of the limbs and body follow.**

St. Vitus' dance is cured by building up the blood. The proper treatment is to remove the child from all mental excitement, stop school work and give Dr. Williams' Pink Pills according to directions.

The cure of Carl A. Wagner, of No. 613 South Sixth street, Arkansas City, Kansas, is sufficient proof of the power of Dr. Williams Pink Pills to cure this disease and warrants their use in any case. He says:

"I became afflicted with St. Vitus' dance while attending school. My head jerked and my eyes twitched I could not control my muscles. I could not hold anything with my hands. I was under the care of several doctors but grew worse all of the time. My father heard of Dr. Williams' Pink Pills and told the doctor that he was going to give them to me. I had not taken them long before I could see that they were helping me. I continued taking the pills until I was cured."

Dr. Williams' Pink Pills have also cured sciatica, neuralgia, nervous headaches, nervous debility, and have given lasting benefit in partial paralysis and locomotor ataxia.

All druggists sell Dr. Williams' Pink Pills or they will be sent by mail, postpaid, on receipt of price, 50 cents per box six boxes for $2.50 by the Dr. Williams Medicine Co., Schenectady, N. Y. Write today for free nerve booklet.

DISCREPANCIES ARE EXPLAINED

Statistician for Development Board Tells About Bank Clearings.

Discrepancies between the report of Oakland Bank clearings as furnished by Bradstreet and by the California Development Board are explained by A. L. McDonald, statistician for the latter organization.

McDonald made the following statement to THE TRIBUNE:

"As the statistician of the Board I personally make up the report of clearings for the week and also for the month, and I know that there is no intention on the part of anyone connected with this Board to make the facts appear other than as they are furnished to us.

"Bradstreet's report of clearings was for the week ended November 15, while our report was for the week ended November 14, and only in rare cases are they likely to agree as the week period of comparison is different in the two cases.

"We get our figures by telephone from the Oakland Chamber of Commerce, at about 1 o'clock on Thursday of each week. The figures as telephoned to us on the 14th inst. were for the week ending November 14, 1912, $3,910,413, clearings for corresponding week of 1911, $4,024,221, a decrease from 1911 of 2.9%.

"A typewritten list is sent to all the papers and some times errors are made in changing the form for which we are hardly responsible."

CARNEGIE PENSION FOR EX-PRESIDENTS

Fund of $125,000,000 Will Be Set Aside for Former Executives.

NEW YORK, Nov. 22.—Former Presidents of the United States in the future will be pensioned in the sum of $25,000 annually under the action of the Carnegie Corporation of New York.

The grant is provided for with the idea of enabling former executives of the nation to devote the unique knowledge they gain in public affairs to the public good, free from pecuniary care.

The pensions are to be offered promptly to retiring Presidents or their widows, so that no application will be required from them.

Payment is to continue so long as the recipients 'remain unprovided for by the government."

The announcement followed the second annual meeting of the corporation at the residence of Andrew Carnegie.

Five of the eight trustees are the heads of the five institutions which Carnegie has founded—the Carnegie Endowment for International Peace, Elihu Root, president; the Carnegie Foundation for the Advancement of Teaching, Henry S. Pritchett, president; the Carnegie Institution of Washington, Robert S. Woodward, Commission, Charles L. Taylor, president; the Carnegie Hero Fund; the Carnegie Institute of Pittsburg, William N. Frew, president.

$125,000,000 PUT IN FUND.

The trustees authorized this statement of the corporation's aims:

"A total of $125,000,000 in securities has thus far been transferred to the corporation, which will carry on the various works in which Mr. Carnegie has been engaged and such others as he may from time to time think it advisable to establish.

"Mr. Carnegie believes he has taken the surest means of securing for the future a body of the best possible trustees. Heads of the institution must inevitably be men of high moral and intellectual standing.

"They are empowered by a two-thirds vote to modify or discontinue any branch of the service which in their judgment has become inadvisable or unnecessary, or if better use can be made of the funds, and also to adopt from time to time such work as by them may be deemed most desirable for the wants of the age, so that from age to age the fund may be expended on the most profitable work, whether that be the promotion of new ideas or the development of those of the day."

SURGEONS ISSUE CANCER REPORT

Methods of Publicity Will Be Pursued in Fight on Disease.

CHICAGO, Nov. 22.—The cancer committee of the Chicago Medical Society, appointed to co-operate with a similar committee of the Clinical Congress of Surgeons recently in session in New York, yesterday issued a bulletin in pursuance of the campaign of publicity against cancer.

Following are the chief points of the bulletin:

"Cancer in the beginning is a local disease.

"No cure for cancer has been discovered except surgery.

"Cancer, if operated on immediately, will not return.

"Advanced cancer cannot be cured by surgery, hence the need of seeking surgical aid at once.

"Cancer of the breast shows its first sign by a lump in any part of the breast, or by pains under the arm.

"Cancer of the stomach begins with indigestion, loss of flesh and general weakness.

"Cancer of the internal organs shows itself by irregularity in their functions.

"Education of the public on cancer will save thousands of lives each year, as it has done in consumption and appendicitis."

The Chicago Medical Society cancer committee has been made permanent and will answer inquiries and furnish literature on application.

Marchan, of Barceloneta, writes "Dr. King's New Discovery is doing splendid work here. It cured me about five times of terrible coughs and colds, also my brother of a severe cold in his chest and more than twenty others who used it on my advice. We hope this great medicine will yet be sold in every drug store in Porto Rico." For throat and lung troubles it has no equal. A trial will convince you of its merits. 50c and $1. Trial bottles free. Don't use Butter in Your Kitchen

DO you know why butter is so high? Housewives from years of habit have come to use more and more of it for particular cooking—where they want something better than lard. It's a wasteful habit—highly expensive—and wholly unnecessary.

Use butter on your table, where it belongs; discard it from your kitchen. The use of *Cottolene* in cooking, will give just as good results as butter. Besides, two-thirds of a pound of *Cottolene* will go as far as a *pound* of butter, and *Cottolene* costs no more than lard. Use more *Cottolene* and cut down your butter bill.

Cottolene

Makes Delicious Pastry

Cottolene makes light, flaky, crisp pie-crust. It makes deliciously light, tender doughnuts. For cake making *Cottolene* creams up beautifully and gives the best obtainable results. Muffins, fritters, short cake, and all other pastry, are best made when made with *Cottolene*. It makes food rich but never greasy.

Cottolene is a vegetable product, and makes food that is healthful and digestible.

Try This Recipe:

ONE EGG CAKE

1/3 cup of *Cottolene*	1 egg	1 teaspoon vanilla
1 cup sugar	1 cup milk	1/2 teaspoon soda
1 teaspoon cream of tartar		2 cups flour

Rub the *Cottolene* and sugar to a light cream, add well beaten yolk of egg and vanilla, mix together the soda, cream of tartar and flour, stir it into the creamed mixture, alternating with the milk. Add well beaten white of egg last. Bake in shallow pan in moderate oven about one-half hour.

JONES TO SUCCEED MARSHALL BLACK

Many University Professors and Students Sign Recall Petition.

SAN JOSE, Nov. 22.—With the names of a large percentage of the faculties of Stanford University, the University of Santa Clara and the College of the Pacific attached, the nomination petition of Herbert C. Jones, to succeed Marshall Black as state senator from the Twenty-eighth Senatorial district was placed on file with the county clerk yesterday. Jones is the Republican nominee in the recall election to be held January 2 as a result of the disclosures of Black's financial methods in his management of the affairs of the Palo Alto Mutual Building and Loan Association.

Professor R. L. Green of Stanford University, chairman of the Republican county central committee, filed the petition, which bears 421 signatures instead of the seventy required by law. More than a hundred of the signers are business and professional men of Palo Alto, where Marshall Black lived and conducted his business prior to his arrest for embezzlement from the Palo Alto Mutual.

Jones' high scholarship standing in the law department of Stanford University, his interest in the Sempervirens club, which is essentially an organization of educators, and his interest in College Park school affairs, brought him the indorsement of the large number of educators who signed his petition, it is said by the signers.

Black is still in the county jail here, and will not be free to make a fight against the recall proposition, according to present plans of the District Attorney.

VOTE FOR SEWER SYSTEM.

DINUBA, Nov. 22.—By a vote of 291 to 15, the voters of Dinuba approved of the plans for a new sewer system at a special election. City Engineer Jensen is at work on the plans for the outfall and septic tanks, and as soon as the bonds are sold the work on the new plant will start. The city will place mains only, and property-owners will make connections. The cost of laying the mains is estimated at $40,000, the pipe being of a capacity sufficient for a city many times the size of Dinuba.

FAVORS BANKING REFORM.

PARIS, Nov. 22. In connection with Ambassador Herrick's suggestion for establishing a system of land credit banks in the United States, it is interesting to note that the Chamber of Deputies will also be called upon to consider a bill extending the system of land banks to small commercial and industrial enterprises. The plan is based on the association of small dealers among themselves, the action of the state being directed toward stimulating their initiative.

DECIDING GAME TO BE PLAYED TONIGHT

The freshmen and senior basket ball teams of the Oakland Manual Training and Commercial High School will meet this evening in the deciding game of the interclass basket ball league of that institution. At present the "babies" and the upper classmen are tied for first place honors and tonight's fray will not only end the reign of the league but will also decide the question of who will be the champions of the high school.

Considerable interest is being manifested by the students over the outcome of this evening's game and a record attendance is expected. The first year men have a speedy five, but it is believed that the more experienced seniors will probably take the long end of the score.

For a time it appeared as if the "freshies" would have no trouble in walking away with first place honors, but a decided spurt by the seniors put the two teams on even terms. Both the sophomores and juniors are completely out of the running, the sophomores being nosed out from a chance for the championship by the seniors who recently smeared them by a 37 to 28 score.

The seniors will send the following men into this evening's fray: Street (captain) and Stevens, forward; Brown, center; Upton and Dreisbach, guards.

The Freshman will pick their five from Garcia (csptain), Levey, Atwood, Boyer, Lorimer and Baptista.

'SOCIAL EVIL' IS TOPIC OF SESSION

Dr. Minora Kibbe Speaks on Work Done by the Committee.

An open meeting of the Oakland center of the California Civic League, held at Chabot Hall this afternoon, brought out a large number of people who are interested in the reports of the different committees covering the 'social evil" problem.

The report of Dr Minora Kibbe who, as chairman of the committee which has been making a study of the conditions which prevail in Oakland, told of the investigations that the committee was pursuing and what had been accomplished up to the present time.

"Study and service is the motto of the League," said Dr. Kibbe, "and the subject is so vast and the field so large that we are not yet ready to make any definite statements. That we will eventually find a partial or whole solution to the question, we feel certain.

By studying all available data we find that Oakland is not worse than other cities in the respect of which we speak, and we believe that the officials proceed in the most intelligent manner along lines of the segregation policy, but we are not yet decided that we have the greatest faith in that policy. I personally have not."

WILLING TO TALK.

Telling of the manner in which the committee has been received by the habitues of the demi-monde, Dr. Kibbe stated that Dr. Susan Fenton, Miss Bessie Wood and herself had found that they were very willing to talk.

Bad company was the reason most of them gave for having entered upon their lives. Six women were interviewed yesterday and of these two told their inquisitors that they had entered the houses as menials and the lure of the easy times and clothes with plenty of money as compared with their own labors, proved too much for their will powers.

"One phase of the question that we are looking into at present is the statements of the keepers of the proscribed houses that they will not be able to keep open if the sale of liquor is prohibited.

The open meeting was presided by a short business program and later Chief of Police Walter J. Petersen commended the women upon their work. The police department was thanked by the committee through the chief for the courtesies and assistance they were being shown in the pursuit of their investigation.

Other speakers and their subjects were: "Municipal Control of the Social Evil Through a Segregated District," Dr. R. N. Moody, professor of anatomy, University of California; "What Oakland Should Do About the Social Evil," Dr. Frank L. Goodspeed; report of police-women's convention in Portland, Miss Bessie Wood.

STOCK BROKER WAYLAND UPBRAIDED BY JURIST

SAN FRANCISCO, Nov. 22.—Elbert Francis Wayland, stock broker, with offices in the Chronicle building, made a pauper's plea to Superor Judge Van Nostrand this morning, but was taken in hand by the court and upbraided therefor. Wayland informed the jurist that a dollar and a quarter was all that he had in the world; that he had no place to live, nothing to do; that he was under the doctor's care and that he was supported by his sister.

Judge Van Nostrand replied that he didn't believe a word of it and asserted that it was his opinion that Wayland had spirited away Miss Clark, whom Wayland claimed was the head of the firm of P. D. Clark & Co., in which office Wayland is associated. Without reference to the dollar and a quarter, the Court ordered Wayland to pay his wife, Jessica, who is suing him for divorce, $75 a month, $200 for back rent for her flat and $40 storage expense, the coin to be handed over today.

ACCUSED OF PICKETING.

SAN FRANCISCO, Nov. 22.—Four pickets were in Police Judge Deasy's court this morning. They were accused by Patrolman Tillman of boisterous conduct on the street, and three of them, who were convicted, took appeals. The accused were Marion Lew, fined $5 or 24 days in jail; Joseph Jacobson, fined $10 or ten days in jail; Bernard Raiz, found guilty, sentenced tomorrow, and Tom Kaseline, dismissed.

POLICE LICENSE SQUAD IS BUSY

More Than $1000 Is Added to the City Treasury by Petersen.

Success has met the efforts of Chief of Police Walter J. Petersen in his efforts to enforce the city license ordinance in the cases of many businesses which have in the past evaded the payment of the quarterly licenses. Petersen created a police license squad, under Sergeant James Walters, a week ago, and already more than 100 business concerns have been made to pay their first license to the city, bringing over $1000 into the city treasury. About 200 concerns had been allowed to become delinquent because the municipal permit bureau has not sufficient men to handle the work.

Difficulty has been experienced in one direction.

A half score of commission merchants on Twelfth and Eleventh streets have refused to pay the required license fees. The patrolmen have warned them that they will be compelled to pay or submit to arrest. The commission men have announced that they will fight the cases in the courts. The businesses which have been found delinquent in payments include real estate firms, diving and cleaning establishments, cigar and cigarette dealers, laundries and others.

This system, as well as other improvements in the Oakland department, were today explained to E. R. Zion, director of the bureau of efficiency of the San Francisco Civil Service Commission. Zion came here to secure data to be used in a probable reorganization of the San Francisco Police Department. Zion was interested in the compulsory physical culture which the Oakland patrolmen are required to take.

AUTOISTS TO RACE AT EMERYVILLE

Fast Drivers Will Try Conclusions on a Perfect Track.

EMERYVILLE, Nov. 22.—Emeryville will take on a semblance of her former glory Sunday during the races, in which fast autos will replace the blooded horses of the breeder's art. Records will be smashed, if the condition of the track is a factor, for a better speedway has seldom been seen, in the opinion of the speed kings, who have noted J. J. Grant's efforts to put the track in the best possible shape.

Six horse teams and scrapers have cleaned the entire track to the hardpan, and the loose dirt has been thrown up against the outside railing. The curves are as hard as glass, and with six feet of pitch no time will be lost on them. In accordance with the rules of the association which is conducting the races, the top rail on the inside of the curve has been removed for the purpose of giving the drivers a better chance to escape, in the event of endeavoring to take the bends close enough to graze the fence.

Grant, who has been losing no time, said this morning that the work on the track would continue part of Saturday, but that he had never known a track to be faster than the Emeryville course would be on Sunday, barring unlooked for rains.

SCHOONER SUFFERS SERIES OF MISHAPS

Three-master Arrives After a Rough Passage From the North.

According to Captain Turloff of the three-masted schooner Annis Larsen, which arrived here yesterday after a 19-day passage from the Columbia river, the trip was worse than any he had ever gone through during his thirty years of service on the sea. From the day the passage began until it ended here, the trip was one succession of mishaps.

A southerly wind started the trouble. It gradually ripened into a fierce gale, which continued during the entire run. During the time that the heavy wind whistled through the rigging, almost half the schooner's sails were blown away and those that remained were reduced to tatters.

A heavy sea, combined with the gales, made the trip similar to that of a submarine. During the gale, the tops of the fresh water-kegs in some way opened and the sea water got mixed up with it. This happened to all of the fresh supply and the sailors were forced to drink this mixture.

When off the Golden Gate, Captain Turloff thought that his troubles had ended. He was wrong, however, for thinking that he could sail in, he made the attempt. Unfortunately, the wind veered and the vessel began drifting toward the seal rocks. Immediately the anchor was lowered in order to bring the vessel to. A weak link in the anchor chain, however, gave way and the anchor with 14 fathoms of cable went to the bottom.

By a close margin the windjammer missed the seal rocks, but as she did she began drifting down and in toward Mile Rock. Here the vessel's plight was seen and a Redstack tug dispatched to her rescue. The vessel is at the Hogan Lumber Company's wharf discharging a lumber cargo.

LEASE ON LOCAL THEATER RENEWED

Ye Liberty Playhouse Will Remain in Present Location.

Reports that the Bishop theatrical interests would build a new Ye Liberty theater was set at rest today by the announcement that the lease on the present location had been renewed.

"When it became known that our lease was to expire," said Manager John W. Jackson, "we received a great many propositions, involving new locations and new buildings. We have succeeded, however, in obtaining a renewal of our lease, and feel that we could do no better than that. We are very well satisfied with our present accommodations and location."

HAIR HEALTH

If You Have Scalp or Hair Trouble, Take Advantage of This Offer.

We could not afford to so strongly endorse Rexall "93" Hair Tonic and continue to sell it as we do, if we were not certain that it would do all we claim it will. Should our enthusiasm carry us away, and Rexall "93" Hair Tonic not give entire satisfaction to the users they would lose faith in us and our statements and in consequence our business prestige would suffer.

INDORSE PLAN OF TAX ASSOCIATION

Members of Downtown Club Hear Address by Secretary T. I. Casey.

The members of the Downtown Improvement Club at the regular meeting last evening in Hotel Crellin listened to an explanation of the tentative charter proposed by the Alameda County Tax Association for a city and county government. Secretary Thomas I. Casey was the speaker and explained in a very lucid manner the plans as outlined for a unification of offices and filling the various offices with experts under the charge of one general manager, who also will be an expert in his line.

The club indorsed the efforts of the Tax Association in so far as the reduction of taxes was concerned and at the next and at future meetings will take up the tentative charter, discuss and pass upon it.

Commissioner Baccus will be the speaker at the meeting to be held December 5, explaining the work that has been done by the municipality during the past year, what is now in process of completion and what is proposed for the district south of Twelfth street.

No reply having been received from the Property Owners' Club to the letter forwarded to the secretary no action was taken upon the proposed opening of Jefferson street by that organization.

The Downtown Improvement Club members are invited to attend the semi-annual meeting of the California development board and the orange and olive exposition at Oroville, leaving this city on the evening of December 5. Five new members were elected to the club.

REAL ESTATE MAN IS HELD TO ANSWER

Following an all-day grilling by Prosecuting Attorney W. J. Hennessey, J. E. King, an Oakland real estate man, was held to answer by Judge George Samuels late yesterday afternoon on a charge of felony embezzlement. The case against King had appeared to be a weak one, but when King was placed on the stand by his attorney in his own defense, Hennessey, in cross-examination, took him over the ground three separate times and obtained such a confusion of testimony that sufficient cause to hold the man to answer was obtained. The charges were preferred by M. Marcus, who claims that King defrauded him of $700 on a realty transaction. Bail was fixed in the sum of $2000.

Beware Psittacosis! Your Parrot Has It

Don't Kiss Bird Unless You're Immune, Warns Physician.

LOS ANGELES, Nov. 22.—"Don't kiss your parrot unless you are immune from psittacosis."

That is a warning from Dr. Edward O. Sawyer, Los Angeles county health officer. Dr. Sawyer said today that psittacosis, which sounds like a sneeze, is almost exactly that. It is an affection of the nose and throat that causes sneezing and sniffing. He said parrots are afflicted with it and convey it to human beings.

He included in his warning a mandate to beware of chickens which, he said, sometimes become afflicted with scarlet fever.

LACK OF VEIL MAY COST WOMAN $250

Mrs. Ida Wright Refuses to Go in Search of Rich Treasure.

For want of a woman's veil $250 may be lost to Mrs. Ida Wright, who will be taken to San Quentin tomorrow to serve her two-year sentence for having robbed a large number of homes in this city.

Mrs. Wright told Sheriff Barnet yesterday that she had buried some gold in a tomato can in her former back yard and suggested that search be made for it. Deputies armed with picks and shovels turned over the soil, but were unable to locate the can.

This morning Mrs. Wright wanted to go herself to direct the search and she had arranged to be escorted by Deputy Sheriff Jack Collier, who is husky, and whom she thought could locate the gold if anyone could.

When the time came for departure the prisoner suggested that it would be nice if she could ride in an automobile to the scene of the search. A machine was not available, and then she protested that she could not walk without a wig. There didn't happen to be one of these accessories about the jail, as most of the prisoners are men, and Sheriff Barnet or none of his men carried one in their pockets, so Mrs. Wright became indignant and refused to go after the gold at all.

YOUTH GETS YEAR FOR VIOLATION OF PROBATION

H. C. Shute, a youth of 20 years old, who violated his probation in this county and went to the home of his parents in New York, was sentenced to serve one year in Folsom prison today by Superior Judge Hunt.

After being released on probation for passing a fictitious check, Shute obtained employment with a local firm, but went to taking joy rides in company with R. S. Bosworth, another probationer, and later his stepfather came West and persuaded him to return home with him. It was set forth by the defense that the youth had not realized the seriousness of leaving without the consent of the probation officer.

O. P. Wheeler who passed a fictitious check for $20 was placed on probation in the same court for a period of five years.

John P. Jordan also got five years' probation for burglary after he had promised not to commit any more crimes.

FACES FINE ON CHARGE OF LIBEL

Man Accused by Roosevelt May Escape Matter Easily.

MARQUETTE, Mich., Nov. 22.—If convicted on the charge of criminal libel preferred by Colonel Roosevelt Editor George A. Newett of Ishpeming can be punished only by a fine of $100 or ninety days' imprisonment in the county jail, as criminal libel is not a misdemeanor, but a violation of an ordinance.

The action holding Newett to a higher court, therefore, was quashed today, and he will be arraigned November 26 in a local justice court.

The criminal case is distince from Colonel's Roosevelt's $10,000 damage suit against Newett for libel.

WITNESS CALLED IN DISSOLUTION SUIT

WASHINGTON, Nov. 22. — Luther Conant Jr., commissioner of corporations, was the first witness today at the examiner's hearing in the dissolution suit of the government against the United States Steel Corporation. The commissioner produced a mass of statistical tables. The first of those presented purported to give stock market quotations on stocks of various companies which have become affiliated with the United States Steel Corporation.

Willie Ritchie Surprises Followers of Fistic Game by Grand Work in Gymnasium

Coast League Magnates Do Well at Annual Meeting of National Association Clubs

INTEREST GOING TO FEVER HEAT OVER LIGHTWEIGHTS

Hundreds of Fans Crowd Gymnasiums of Wolgast and Ritchie and Each Has a Booster

By BERT LOWRY.

Nearer approaches the eventful day and keener grows the interest in the Ad Wolgast-Willie Ritchie twenty-round bout scheduled for Thanksgiving Day at Daly City for the lightweight championship of the world. With the two men well along in their training and both showing that they will be fit and ready for the fray is the cause of most of this interest, and the fact that again is a Californian to battle for a crown in fistics arena adds to the occasion.

That the Californian will have many, many loyal supporters is evident from the fact that many wagers have already been made on his chances of being proclaimed the winner. Day before yesterday an admirer of Willie placed $800 in a San Francisco poolroom against $1000 that he would gather and last night another Ritchie man placed a like amount. These two bets made Ad the favorite at 10 to 8, but it is doubtful if he will be that price. His friends have not as yet began to unload, and they will unload soon and when they do it is certain that their influx of coin will make Ad as good as 10 to 7, or 10 to 6, with many of the pugilistic followers figuring on Wolgast being 10 to 5 at ring side.

Ritchie has not as yet sent any money into the poolrooms as is his intentions and said that he wouldn't bet a cent until the figures went to 2 to 1. He wants to unload a couple of thousand on his chances and the better the odds the better pleased will he be.

Wolgast, too, will be found with the bank roll open ready to bet on his chances. He likes the game of wagering and in every fight that he has been in has bet much on his chances.

SAYS HE WILL KNOCK OUT WILLIE.

Wolgast worked harder than usual, both on the road and in the gymnasium yesterday. After a good spin over the park roads he rested up until 3 o'clock and from then until 4:30 amused a bigger crowd than before with his indoor stunts.

It was noticed that the champion used the left hand a great deal more than on previous occasions and there seemed to be much kick in the member for, when he landed, it brought a wince from his training partners.

During the rub down the champion was in a talkative mood again and he likes to dwell on what he will do to the Californian.

"This boy Ritchie is being overrated," said Ad. "I am as confident of knocking Ritchie into dreamland before the 15th round rolls around as I am that the sun is shining outside.

"Wednesday I told you that I expected to see Ritchie do a Marathon and I am training accordingly. Willie and his manager continue to harp on what Mandot did to me and what Willie did to Mandot in those 10 round bouts. What if Mandot did knock me down? Any man is likely to do that to me, but that is no sign that I would not knock them down.

"Willie Ritchie is being credited with being able to lay a glove on me when and where he likes, but these friends don't seem to realize that I, too, can lay a glove on a man.

"And what if he does lay the glove on me several times? He isn't going to have a kick there. He cannot hit hard enough to break an egg and that is all there is to it."

RITCHIE ENTERTAINS BIG CROWD.

While a crowded house greeted the champion another crowded house greeted the contender for the title at Shannon's villa. Promoter Jim Coffroth was the host of a bunch of newspapermen and friends and it took four buzz wagons to get the crowd there.

Jim took his party from Sausalito to San Rafael but stopped on the road to fill the guests up with the good things of the market. Then he brought them back another way and Jim was voted one genial host with the knack of doing things as they should be done.

With the arrival of the party at Shannon's a big house was already there and Billy had to crowd the camp followers into ever nook and corner that he could find.

At a few moments to 3, Ritchie began the indoor work and it was a tip top show that he pulled off for the fans. Three rounds of boxing with Tommy McFarland, Lem Kegg and Frankie Edwards filled in the day.

All of these bouts were fast ones as well as rough, especially the one with Lem Kegg and Coffroth and his friends were well pleased with the looks of Ritchie and the way he behaved.

The Californian was in a talkative mood during the rest in between rounds and showed the greatest of confidence in his ability to take the crown from the champion.

"That story in THE TRIBUNE a couple of days ago about Wolgast turning welterweight amused me," said Willie in conversation with the writer.

"It is all very well for him to tell us what he is going to do when he finishes with me, but wouldn't it be nicer on his part to wait until, say about 5 o'clock, on Thanksgiving day? That is about the time that fight will be over.

"Instead of fighting welterweights he and Tom Jones will be right on my heels looking for a chance to get back the crown I am going to take away from him." Then Willie went off to be rubbed down by Willie Fritchie, a crack at the game and to don the street clothes, all the time keeping up a running conversation with friends.

GAME IS LOOKING UP.

The pugilistic game is looking up around the bay. As mentioned in these columns a couple of weeks ago, Jim Buckley the New York promoter is thinking of bringing his stable consisting of Gunboat Smith, Harlem Tommy Murphy and George Kirkwood to the coast and Manager Moffitt of the Oakland Wheelmen is to have first call on their services.

It is Moffitt's intentions to send the Gunner against Frank Moran in a 10 round bout and if Moran can get by the big fellow, Coffroth will stage him with the winner of the Flynn-McCarty bout at Los Angeles.

Then if Wolgast gets by Willie Ritchie he has promised to mix with Frankie Burns on December 14, with the chances that Burns and Ad will mix no matter how the Ritchie-Wolgast mill ends.

PICATO AND WATSON DRAW.

At the West Oakland Club Wednesday evening Babe Picato and Red Watson fought ten fast rounds to a draw. It was a rough and tough mill, with Picato doing all the forcing of the fight and the majority of the fans thought he was entitled to the decision.

In the opening event Tony Freitas was given a decision over Eddie Miller after four rounds of boxing and this was voted one of the best bouts of the evening.

Louis Rees of Los Angeles and Kid Peppers of Kansas City fought six hard rounds, Rees earning the decision through his cleaner punching and head work.

The Bert Sealy-Mysterious Mitchell bout was called off owing to the illness of Sealey and Joe Willis was substituted. Mitchell concluded that it was time to quit after two rounds of milling so he laid down.

Jim Horner and Ray Campbell fought a fair six rounds to a draw.

RANGERS AND ALAMEDAS TO MEET AT SOCCER

ALAMEDA, Nov. 22.—The Alamedas and the Rangers will come together in what the fans expect will be a fast game of soccer football next Sunday afternoon at 2:30 o'clock in Lincoln park.

A new stunt in training. Billy Nolan has installed a dummy at Shannon's that gives the boy plenty of work. The photo shows Willie just after having landed a left hand swing. Note how well the Californian looks.

J. CAL EWING IS WELL PLEASED WITH THE YEAR'S OUTLOOK

San Francisco's Leader Says He Is Out for the Big Pennant.

By BERT LOWRY

California's delegation to the National Association of Minor League Baseball Clubs' meeting at Milwaukee, headed by J. Cal Ewing and Allan T. Baum, came back to the old homestead last night and every mother's son of them had a good word to say about getting back where the sun shines, the flowers bloom and the fruit is delicious.

Being a baseball man, J. Cal. had to talk baseball and he was as chuck full of info. about the national game as a fox after having raided the chicken roost.

"We were treated like princes back in the town made famous by a brewery, otherwise Milwaukee, and that salary question that was such a bone of contention to us was nicely settled. Then when I withdrew from the National board of arbitration, our president, Allan T. Baum, was selected to fill my place. This was a nice compliment to me as well as a recognition of a good man's worth.

"There is going to be no limit on salaries in a class AA, class A or class B league. Such a limit was proposed at Milwaukee but we wouldn't stand for it and beat it. The class C and class D leagues which are sort of apprentice leagues, will have a salary limit and the managers of those teams will find it an advantage to them.

"Of course, while I was at Milwaukee it was all baseball, but I took a few moments off to cook up a deal here and there and I want the fans of San Francisco as well as up and down the coast to understand that the Seals will make one grand struggle for the 1913 pennant and all pennants to be fought for."

HAS STRONG INFIELD.

While at the big gathering, Ewing buttonholed every magnate there with a proposition to buy, trade or sell, ball players. One of the buys he made was a second baseman, Eddie Colligan, of Des Moines, and the youngster is said to be a crackerjack. In fact, J. Cal. was questioned long and often as to how he managed to make the team let go of the lad.

"Jack Holland and Manager Rourke told me that Eddie is a good one and if he is I shall have three good men in Wagner, McAvoy and Colligan to pick a guardian of the second sack.

"At first I may have Roy Patterson, a fast semi-professional of Chicago. Jimmy Callahan told me to sign this boy and I did. Then I figure on a big leaguer coming here to fight for the

B. C. A. L. MEET THIS EVENING PROMISES EXCITEMENT

SAN FRANISCO, Nov. 22. — The Bay Counties Athletic league will hold their annual swimming championship at the swimming tank of the Young Men's Christian association this evening. The meet will bring together all of the schools on both sides of the bay with the exception of Lowell high.

Berkeley high, Cogswell, Oakland and San Francisco Poly all have strong teams entered, and it looks like an even fight between them for the honors of the meet.

Some of the best high school swimmers in the State are entered. Lindsay of Berkeley high has shown himself to be in the front rank of the school water dogs and will represent his school in the 50 and 440 yard events. In the 50 he has fast men against him in Jensen of Poly and Stephenson of Cogswell.

Another lad of great note as a webfoot is Linc Johnson, the phenomenal one legged lad of Cogswell high. He will swim in his favorite 220 yard and 880 yard events. Of the men entered it is hardly likely that any of them will be able to take the honors away from Johnson.

The relay will have six teams entered and should prove an interesting affair. Many of the schools are looking for the score to be close throughout, and believe the relay will be the deciding event.

BERG AND HOLLAND TO SWAP PUNCHES THIS EVENING

SAN FRANCISCO,, Nov. 22. — Plenty of milling is on the cards of the Tuxedo Club at Dreamland ring this evening and if all the bouts go the limit the fans will see thirty-two rounds of boxing.

The opening bout will be of four rounds, the next three will be of six and the wind-up will be of ten. Fritz Holland and Otto Berk being the headliners.

Lee Johnson, the West Oakland lightweight, and Young Attell are down for six rounds. So are Marty Kane and Jimmy Fox, and Willie Meehan and Jack Herrick. Walter Wall and Young Hassen open the show in a four-round contest.

The Berk-Holland battle will eliminate one of these fellows from the ranks of the runners up. Both have been performing around here for a couple of years, and both have shown flashes of style and class at times.

Holland can hit hard and is fast and clever for a big fellow. On form he ought to beat Berg, but he never can be relied upon in the pinches. He has been known to blow up just when he had his man ready to be finished.

Berg is tough and rugged. He likes to go right in and mix things up. He is shy on the boxing end of it, but he more than makes up for this deficiency by his ability to assimilate punishment.

The real fast engagement of the evening will be that between Fox and Kane. They are without doubt the best featherweights on the Pacific Coast. Fox is the boxer and Kane is the fighter. They hooked up in a four-round encounter several months ago and the fans are still talking about it.

Lee Johnson and Young Abe Attell look ready. Johnson is well known to the local fans, having fought many a good battle here. Attell is highly touted as the best boy of his weight in the south and much is expected of him.

The first one goes on promptly at 8:15. The usual four-round prices, 50 cents to $2, will prevail.

CRACK RUGGERS WILL DRIBBLE PIGSKIN TOMORROW

SAN FRANCISCO, Nov. 22.—Santa Clara's crack Rugby team which claims the title as champions of the west are well primed for their battle with the University of Nevada at St. Ignatius [illegible] tomorrow afternoon.

Coach Higgins put the boys through a [illegible] practice yesterday and is well satisfied with the [illegible] [illegible]

CALIFORNIA PLANS GOLF GAMES WITH STANFORD

UNIVERSITY OF CALIFORNIA, Nov. 22.—The next event on the Stanford-California intercollegiate sports calendar is the second annual golf tournament, which will be played on the links of the San Francisco Country club at Ingleside [illegible]

For the past week a tournament for the purpose of selecting a team to represent the [illegible] has been in progress [illegible] Country club and as a result of the final match which was [illegible] yesterday the personnel of the [illegible] was announced today. The [illegible] who were successful in this competition are the following: K. H. [illegible], T. T. Weldon, M. L. Barker and [illegible] Heath.

The lineup of Stanford's golfers has not yet arrived on the campus at Berkeley, but [illegible] of three players who will represent the Cardinal are already practically a foregone conclusion. Dunham, the veteran among Palo Alto golf players, will undoubtedly be seen on the course tomorrow and the two Wrights are also a certainty. Dunham will probably play No. 1 on the team and thus will contest with Ken Dobes, the first among the California players. Weldon and Barker will play the second and third matches for the Berkeley team while the foursomes will be looked after by Dobes and Weldon on [illegible] and [illegible] and Heath as No. 2.

Considerable interest is being manifested in golf at the University of California, though the game is not yet on an intercollegiate basis, as recognized by the athletic managements of the two colleges. The lack of adequate grounds is, of course, the greatest drawback to the advancement of the game. The recent tournament was only made possible by the generosity of the directors of the Claremont Country club, who tendered the use of their course to the associated students for the try-outs.

Tomorrow's play will start at 10 o'clock with the twosomes matches, and the foursomes will follow later. If necessary, some of the contests will be laid over until Sunday, if it is seen that an attempt to complete the tourney tomorrow would work a hardship on the players. In the foursomes, the Scotch system of two ball foursomes will be in use.

SEALS SHOULD BE THE CONTENDERS NEXT SEASON

(Cont. from Preceding Page)

[illegible] and between this big league man Patterson and Roy McArdle, I should get a good man on the first sack.

"Corhan will have little opposition at short nor will Wuffli at third, still one can never tell and if any of the new men show up better than the old then the new will get the job.

MANY GOOD MEN IN OUTFIELD.

"That outfield is going to cause Manager Billy Reidy no end of trouble. Not because he hasn't the timber but because he has so much of it. Del Howard likes the outfield and wants to play there and I want him there. Then I will have Izzy Hoffman, Zimmerman, Mundorff and Willie Hogan.

"From this outfit I will get three corking good men. And I might have Matty McIntyre, too. Every year Matty gets this idea that he would like to retire to the easy life of a business man as he puts it, but when the call of the ump. is heard Matty is usually on the job."

J. Cal offered Matty $75 more a month than he got at the finish of the season and it was turned down and J. Cal. was peeved when he left Milwaukee, but after a talk with Ban Johnson hope sprung again for Ban is certain Matty will be on hand.

Behind the bat Ewing will have Berry, Schmidt and Sepulveda to say nothing of the youngsters that will be looking for a job.

J. Cal. says he will have pitchers, too, and if all his plans are carried out San Francisco will have a ball team, that is certain.

BAUM IS BUSY MAN.

Allan T. Baum showed those fellows back east that he is a hustler for the good of baseball and many a suggestion that he made was taken up and acted on.

He grabbed off a couple of good umpires while there, so the fans out here will see new faces in the arbitration line. Red Held is a good man and comes well recommended and Garnett Bush who was a big league ump. has a fine reputation. It was case of not being able to get along with Johnny McGraw that caused the youngster to seek a job in the Coast league.

Baum and Ewing met Comiskey at Chicago and "Commy" said he was going to train in California this year and that he would have 50 men on the trip and that he might be able to give Cal. a few of the hold-overs if the San Francisco magnate wanted them.

The two also met Harry Wolverton in Milwaukee and both said that they were glad he was to return to the coast again for a man of his caliber is a great help to baseball and Sacramento needed just such a man as Wolverton.

"Sure," said Ewing as he went his way, "It was a great trip for baseball and a great trip for the San Francisco team and I am more than glad I went along."

OAKLAND Y. M. C. A. IS PLANNING INDOOR ATHLETIC MEET

There will be an indoor meet on Friday, November 29, among the young athletes of the local Young Men's Christian Association at the gym on Twenty-first and Telegraph avenue.

The day will be set aside for the ladies especially and a large crowd is expected to watch the youngsters perform. Over 75 entries are already in and more are expected.

The meet will be divided into two divisions, a lightweight class and a heavyweight class. The teams competing in the lightweight class include the Spartans, Mohawks, Bantams and Arrows. The heavyweight teams will be the Live Oaks, Apaches, Scottish Chiefs and Cubs. The following events will be run off:

Lightweight division—70-yard dash, 140-yard dash, potato race, high jump, three broad jumps, tug of war and six-man relay of 70-yard laps.

Heavyweight division—140-yard dash, 210-yard dash, high jump, three broad jumps, potato race and eight-man relay race of 140-yard laps.

CHARLEY WHITE HAS SHADE IN SCRAP WITH MOORE

KENOSHA, Wis., Nov. 22.—Charlie White had a shade the better of Paul Moore of Philadelphia in their ten-round bout here last night. White did all the leading in the battle and was entitled to a point decision, but Moore was not fighting. Once in the sixth round he showed a flash, but it was only for a minute. When Moore led he scored heavily, but he only led in a couple of rounds.

White had trouble with Moore's crouch, but in the last round he seemed to be finding the way through it. Both men mixed it a little in the tenth, but no damage was done and Moore was the stronger. In the preliminaries George Harten of Denver beat Joe Lilas of Denver, in three rounds.

35,000 WILL BE AT BIG YALE-HARVARD GAME

BURLINGAME

NOW OPEN FOR SALE.

EASTON ADDITION TO BURLINGAME NO. 7.

THE MOST ELEVATED PROPERTY IN BEAUTIFUL BURLINGAME.

This tract is now on the market and those who have indicated their desire to buy in the foothills should promptly visit the property and make reservations.

Improvements include sidewalks, gutters and curbs of cement, oil macadam roads, etc.

A building restriction of $2500 insures a desirable class of residences.

The new electric line from "EASTON STATION" back into the foothills is now being constructed by MAHONEY BROS., and will be in operation inside of sixty days.

COMMUTATION RATES REDUCED TO "EASTON STATION."

The average running time from Third and Townsend streets to "EASTON STATION" is twenty-five minutes, or less than it takes to reach many parts of the west end of San Francisco, where a 25-foot lot will cost you more than a 50-foot lot in "EASTON ADDITION NO. 7." And another great advantage is

NO FOGS OR FERRIES.

This accounts for the pronounced influx of transbay people—men whose business is in San Francisco, who have been looking for a desirable settled suburb close to the city, quickly and easily reached and on the peninsula. We invite inspection of the property, the improvements and our prices, in comparison with any high-class lots on the market, no matter where situated.

AND THE TERMS!

We aim to meet each individual case. Many prefer the monthly payment plan, and this can always be arranged. Of course there is a cash discount but we can probably adjust terms to meet your views.

HOMES BUILT.
There is a large class of prospective home buyers, persons who contemplate buying and building, but who find it inconvenient to pay cash. If you are paying a high rent for a small, unsatisfactory home in town and would like to own a home of your own, let us talk it over. A certain number of houses will be built—perhaps we can arrange to build for you. Call at our office without delay if you want a home built on your own plans.

WAS DECLARED LEGALLY DEAD; NOW BRINGS SUIT

Mrs. Annie J. McKillip, who crossed the continent last spring to find that she had been declared legally dead in Oakland, brought suit today for the recovery of valuable property in East Oakland which she says she was defrauded into transferring to I. F. Chapman and T. F. Graber. I. M. Smith, to whom the property was later sold by Graber and Chapman, is also made a defendant to the action.

Mrs. McKillip came here to sell the property that she owned and learned that it had been sold also to C. C. Higgins, who declared that he had obtained title from H. A. Green. Green said that it was a portion of property left him by his aunt, Mrs. Anne J. Green McKillip. The two McKillip women were not relatives and a mistake had been made in confusing the names so that the wrong property was sold to settle the estate. He transferred the property of the Canadian Mrs. McKillip instead of that in the estate of his deceased aunt.

Then later, it is alleged in the complaint filed today, Graber and Chapman represented to Mrs. McKillip that she had lost all title to the property and persuaded her to sign a quit claim deed for which they gave her $10. The matter came out in Superior Judge Wells' court and finally resulted in the suit being filed.

BURMAN LOWERS OLDFIELD'S TIME

Speed King Does Some Speedy Work During Spectacular Tryout Meet.

(By EDMUND CRINNION.)

Yesterday at the Tanforan race track Bob Burman gave an exhibition tryout to convince the local newspaper men that he has the goods on the alleged race driver, Barney Oldfield. Burman's showing vindicated Oldfield's judgment in refusing to race against the present speed king, crown holder in last Sunday's event.

Burman turned up a mile yesterday at the speed of 48 2-5 seconds. Oldfield's time for the mile on the same track was 50 3-5 seconds. The timing was done by the San Francisco newspaper men. Burman stated this morning that he expected to do some very fast work this coming Sunday at the Emeryville track.

Burman drove the turns yesterday with reckless abandon, such as has never been seen in this state. The track after the recent meet of last Sunday and the rains was far from in the condition that it was when Oldfield made his slower mile.

The spectators who witnessed the performances of Burman and Horan, as well as the work of Janette and Harkins, were astonished at the speed of the big cars and their consistency.

Burman made three trials, all of which were under the mark of Oldfield. His first mile was in 49, then he circled the track in 48 3-5 and carrying one of the local press men he did a mile in 50.

All of the cars performed well under the minute. They will work out for final practice at the Emeryville track.

There will be event events on the program Sunday afternoon. A band concert will start at 2 p. m. The races at 3 p. m. Several local entries have ben received, among them being the Stoddard Dayton, the Stevens Durea, R. C. H. and others.

The card will be the best ever presented on the coast and Burman has promised the management of the Emeryville track that he will lower his present record if the track is in good shape.

Four cars of 100 horse-power and upward will face the starter in the free-for-all open race for a $2500 prize, the event to be run best two out of three heats. The free-for-all handicap will include all of the free-for-all cars with the local cars in addition. This will show seven cars or more in action. Burman will drive from scratch.

NEW SKID CHAIN INVENTED.

A. B. Swauger, manager for the United Electric Vehicle Company in Telegraph avenue, has invented a new skid chain that promises to make good with the motorists in general. The principle of the Swauger chain, as the new invention will probably be called, is extremely simple and it has a big apparent advantage in the claim that Swauger makes for it that it will not injure the tires in any way. The idea, the patent for which has been applied for, is that of a chain suspended from the fellow or rim of the wheel in such a manner that it runs continuously alongside of but not under the tire. The least skid of the machine and the tire fetches against the chain, effectually blocking the skid. Swauger is very enthusiastic over the idea, which has been put to some very severe tests and found dependable.

BUICK 40 ARRIVES.

The Howard Automobile Company has for the first time this season a Buick "40" model on its Oakland salesroom floor. The new car, which is attracting much attention, is equipped with electric lights and generator and is finished in a dark blue. This is not the first of its type to reach the coast, but heretofore the advance orders for this type car have prevented the enthusiasts to see one before it was sent out on delivery. Manager McCutcheon is hopeful that he may have this car at least for a few days in order to show it to the trade.

UNIQUE USE FOR MOTOR CAR.

The Olympic Salt Water Company has placed an order for a 1913 model Chalmers Six which is for the use of Superintendent C. C. Pryor. The automobile has to be on call at any hour of the night, for when a break occurs in their salt water line, men have to be rushed to the scene. In many cases it is an all-night job. "One of the strongest reasons," stated Proyr, "for our selection is that the car not only has tremendous power, but the electric lighting system is arranged in such a way that we can use it for night work in repairing mains, and with the engine running at moderate speed it is possible to use the electric lights indefinitely."

MEAT PRICES HAVE FALL IN CHICAGO

Northwestern Receipts More Than Double Those of Year Ago.

CHICAGO, Nov. 22.—Meat prices dropped today as a result of northwestern receipts being more than double those of a year ago. In addition, export trade was dead and Argentine shipments larger than expected. Opening quotations varied from ⅛c off to a shade advance. May started at 90¼ to 90⅝c, a sixteenth lower to a like amount up, and fell to 89¾@89⅞c.

Rain delaying the harvest in northern Argentina brought about a substantial upturn. The close was steady at 90⅛c for May, ⅛@¼c under last night.

Perfect weather pulled down corn. May, which started at a shade decline to a similar advance, sagged to 47¼@47⅜c.

A rally ensued when wheat began to ascend. The close, however, was easy, a shade net lower for May at 47½c.

Oats weakened with other grain. May opened within a sixteenth either side of last night's figures at 32⅛ to 32¼c, but receded to 32c.

Lower prices for hogs led to a backset in provisions. First sales were 5@10c down, with January $19.30 for pork, $10.75 for lard and $10.25 for ribs.

MANY FEATURES DEPRESS MARKET

Sharp Rise in Stocks Yesterday Followed by Profit Taking.

NEW YORK, Nov. 22.—The sharp rise in stocks yesterday was followed by profit-taking today and sales of this account, together with the lower range of Americans in London, served to depress the market in the morning trading.

Pool operations, which were a conspicuous feature of the recent advance, apparently were suspended for the time and speculation narrowed down to the well-known issues. An additional engagement of gold for import gave traders an opening to bid up prices against the shorts, but as soon as this buying ceased the list went off again.

The market closed heavy. Efforts to force the shorts to cover in the final hour did not meet with much success and the traders promptly turned about and sold the list rather freely. Steel touched its lowest there, and there also was some active selling of recent strong industrials.

Trading in stocks virtually ceased in the late afternoon. Long intervals between transactions testified to the dullness of the market.

Bonds were steady.

WANTED WIFE BACK SO HE COULD BEAT HER

Taking the witness stand this morning, Mrs. Edna McBee told Superior Judge Wells that Wallace D. Knight had called her up on the telephone last night and threatened her with vengeance if sh persisted in testifying in behalf of Mrs. Margaret E. Knight, who is suing him for divorce on the grounds of cruelty.

Mrs. McBee also said that on one occasion she had heard Knight say that he would be willing to pay his wife $50 per month alimony if he could only get her back to give her a good beating. The court allowed Mrs. Knight $10 per month alimony pending the action.

Tillie Branson has filed suit for divorce against Kemper P. Branson alleging that he treated her in a cruel manner. She said that her husband was in receipt of $300 per month income and she wants $100 of that for her own use.

Elizabeth L. Higgins obtained an interlocutory decree from A. W. Higgins on the grounds of cruelty.

IN MEMORIAM.

In loving memory of my beloved husband, Antone Pimental, who fell asleep in Jesus on October 25, 1912.

Thou art gone but not forgotten;
Never shall thy memory fade;
Our thoughts with God shall ever linger,
'Round the grave where thou art laid.
A light is from our household gone,
A voice we loved is still'd;
A place is vacant in our home
That never can be filled.

We wish to extend our thanks to all relatives and friends for their sympathy and kindness in our great bereavement, the loss of a beloved husband and father.

PROTEST AGAINST POLES ON STREET

Property Owners Along 13th Avenue Want Wires to Be Underground.

Representatives of the public utility corporations and property owners of Thirteenth avenue engaged in [illegible] argument before the city council this morning over the question of the removal of [illegible] poles [illegible] The removal of the poles has been a bone of contention for three years and many conferences and protests and council sessions have been devoted to an attempted settlement of the matter

An uncompromising demand that Thirteenth avenue be [illegible] has been [illegible] removed from the street was made by D J A Plunkett and was backed up [illegible]

It was pointed out by F A Leach local manager for the Pacific Gas and Electric company that the city and the corporations had come to a general agreement several years ago for the gradual extension of the underground district each year and that the corporations had more than lived up to the original agreement

It is unfair said Leach to demand that we should go out into this or that little district and begin placing our wires underground when the investment would not begin to pay returns

City Engineer George Babcock explained that the Thirteenth avenue problem was referred to him six months ago and that a plan had been agreed upon for the gradual reduction of the number of poles on the street by the consolidation of the wires of several companies on one set of poles

This is now in progress said Babcock We have eliminated two poles per block already

The council decided to permit the work to go forward as outlined by City Electrician Babcock and set December 19 for further hearing In the meanwhile conferences will be held and members of the council will go over the ground

TRUST PROGRAM TO BE PUBLISHED BY U. S.

WASHINGTON Nov 22—A complete resume of the Trust prosecution program of President Taft's administration will be contained in the forthcoming annual report of Attorney-General Wickersham. Particular emphasis will be laid upon the anti-trust suits record of the past four years during which 70 anti-trust suits were instituted, while the combined total of the administrations of Presidents Harrison, Cleveland, McKinley and Roosevelt was 62 Of the 70 cases brought by Mr Wickersham, 39 were criminal prosecutions and 31 civil suits

In the opinion of the Attorney General, the efficacy of the Sherman law as a criminal statute depends in large measure upon the result of several cases now pending When the verdicts in those issues are rendered the Attorney General believes that a correct estimate of the criminal phase of the law can be made

CHARGES FILED AGAINST SALOONS

Mayor Heyer Objects to the Notoriety Which Has Fallen on Hayward.

HAYWARD, Nov. 22.—Rev. I. E Thompson, minister of the Methodist Church, has brought charges against two local saloons, the Gum Tree and the Graham, after successfully fighting the case against A Ramos on a charge of allowing his bartender to sell liquor to minors. The board of trustees, after hearing evidence, decided to revoke Ramos' license

The pastor brought his fresh complaints before a public meeting of the board last night, charging the proprietors of the two saloons with selling liquor to boys Public interest in these cases has not abated since the last meeting and the city hall was crowded.

After consideration of the complaints the trustees decided to take no action at the present, but to file the pastor's complaints Mayor Charles Heyer asked if Rev. Thompson would not withdraw the complaints and stated it as his opinion that the town was getting too much notoriety outside through these actions Trustee Armstrong, however, considered that the town would get more notoriety if it got abroad that the trustees did not do their duty and take action and the matter had to be taken up by the district attorney, as Rev Thompson had threatened he would do.

The case against A Amaral on a charge of selling liquor to several Hayward boys is still pending, and will probably come before the justice court in a few days.

OPPOSE PUTTING TAX ON GARBAGE CARRIERS

EMERYVILLE, Nov 22—At the last regular meeting of the Emeryville Improvement Association the ordinance now before the board of trustees for the purpose of taxing garbage men to the extent of $7 50 a quarter was discussed and it is expected that the association will go before the trustees with a regular protest although no action was taken at the time

The arguments raised against the ordinance were to the effect that as a general merchandise license costs only $3 a quarter the idea of taxing the men who contribute to the city's sanitary welfare and health is wrong and that [illegible] inducement to continue their work

The matter of the dirt left by the contractors on San Pablo avenue from Temescal to Fortieth street in such a manner that after the sidewalks were constructed the water runs back on the walks was referred to the committee for remedy.
